Timber & Rafter Batt 35.

November 2023 | Data Sheet

Description.

Superglass Timber & Rafter Batt 35 is a non-combustible glass mineral wool insulation batt. The flexible batt is supplied at 570mm width to allow friction fitting between common stud/rafter spacings minimising gaps at joints and reducing on-site cutting.

Application.

Superglass Timber & Rafter Batt 35 is designed to provide thermal insulation for external timber frame walls, warm pitched roofs, and suspended timber floors.

Performance.

Thermal Conductivity:

Declared thermal conductivity (lambda (λ) value) of 0.035W/mK.

Fire Classification:

Deemed non-combustible with a fire classification of Euroclass A1 (the highest possible rating) when tested to BS EN 13501-1 Reaction to Fire.

Typical applications: External timber frame walls and warm pitched roofs.

Technical Characteristics.

Product Specification.

Thickness (mm)	Length (mm)	Width (mm)	Batts per pack	Pack Area (m²)	Packs per pallet	Thermal Conductivity (W/mK)	Thermal Resistance (m²K/W)	Product Code
90	1175	570	10	6.698	16	0.035	2.55	3155
140	1175	570	6	4.019	16	0.035	4.00	6024

Please note that all dimensions are nominal.

Additional Information.

Vapour Resistivity

The product has a nominal vapour resistivity of 5 MNs/gm.

Environmental credentials.

- Manufactured in accordance with ISO 14001 Environmental Management Systems (EMS). Certificate number: EMS 646508
- Contains no ozone-depleting substances or greenhouse gases.
 For more information, please refer to the Environmental Product Declaration (EPD).
- Made from up to 84% recycled glass.
- Generic BRE Green Guide Rating of A+.

Standards and Approvals.

Manufactured in accordance with:

- BS EN 13162:2012(+A1:2015) Thermal insulation products for buildings Factory made mineral wool (MW) products.
- BS EN 13172: 2012 Thermal insulation products Evaluation of conformity.
- BS EN ISO 9001 Quality Management Systems (QMS). Certificate number: FM 02264.

Certifications.

- UKCA certified to BS EN 13162:2012+A1:2015. Certificate number: 0086 CPR 469699.
- CE marked to BS EN 13162:2012+A1:2015. Certificate number: 0751-CPR-399.0-01.

A copy of the product Declaration of Performance (DoP) can be downloaded from the Superglass website.

Handling & Storage.

Due to its physical characteristics, Timber & Rafter Batt 35 is quick and easy to handle and install.

The product is supplied compression packed in polythene to provide short term protection only. For long term protection, the product must be stored indoors, or under a waterproof covering and off the ground to protect from weather damage. The product should not be left permanently exposed to the elements.

All Superglass products are non-hygroscopic, will not rot, degrade, or sustain vermin and will not encourage the growth of mould, bacteria, or fungi.
