Fibo

The Smart way to transform walls

Featuring

The New Urban Collection

FIBO WARRANTY NOW 25 YEARS

www.fibo.co.uk

Designed and made in Norway

About Fibo

Designed and manufactured in Norway - the home of wood technology and contemporary Scandinavian styling – Fibo is the leading supplier of waterproof wall panels. Starting out quite modestly in 1952 with a small factory, today we operate a multi-million pound award-winning factory producing panels for over 100,000 bathrooms a year.

Tried and tested in Norway for almost 70 years, Fibo was the first to make the 'click' system for walls. The smooth and strong surface can withstand both direct water spray and large temperature fluctuations. Quick to dry, easy to clean, and simple to install. You are guaranteed a result that will last for many years.

Our environmental commitment

We know that responsible and sustainable development makes sense. We carefully select suppliers who comply with our strict recycling requirements at every stage. With PEFC certification – a set of standards which promotes environmentally sound and socially just management of forests - our commitment to the environment is at the core of everything we do.

For more information on Fibo's commitment to the environment go to www.fibo.co.uk

Silver Grey Marble

Eight reasons

to make the smarter choice

1. Simple and quick to install
2. Shorter installation time
3. Lower fitting cost
4. Shorter down-time
5. No grouting required
6. Environmentally friendly
7. 25 years warranty
8. Easy to keep clean

Why tile when you can Fibo?

	TILES	FIBO
Washable	✓	✓

Simple to work with	X	✓
Budget friendly	X	✓
Easy to cut	X	✓
No grouting	X	✓
Lightweight	X	✓
Low maintenance	X	✓
Hygienic	X	✓
Warm to the touch	X	✓

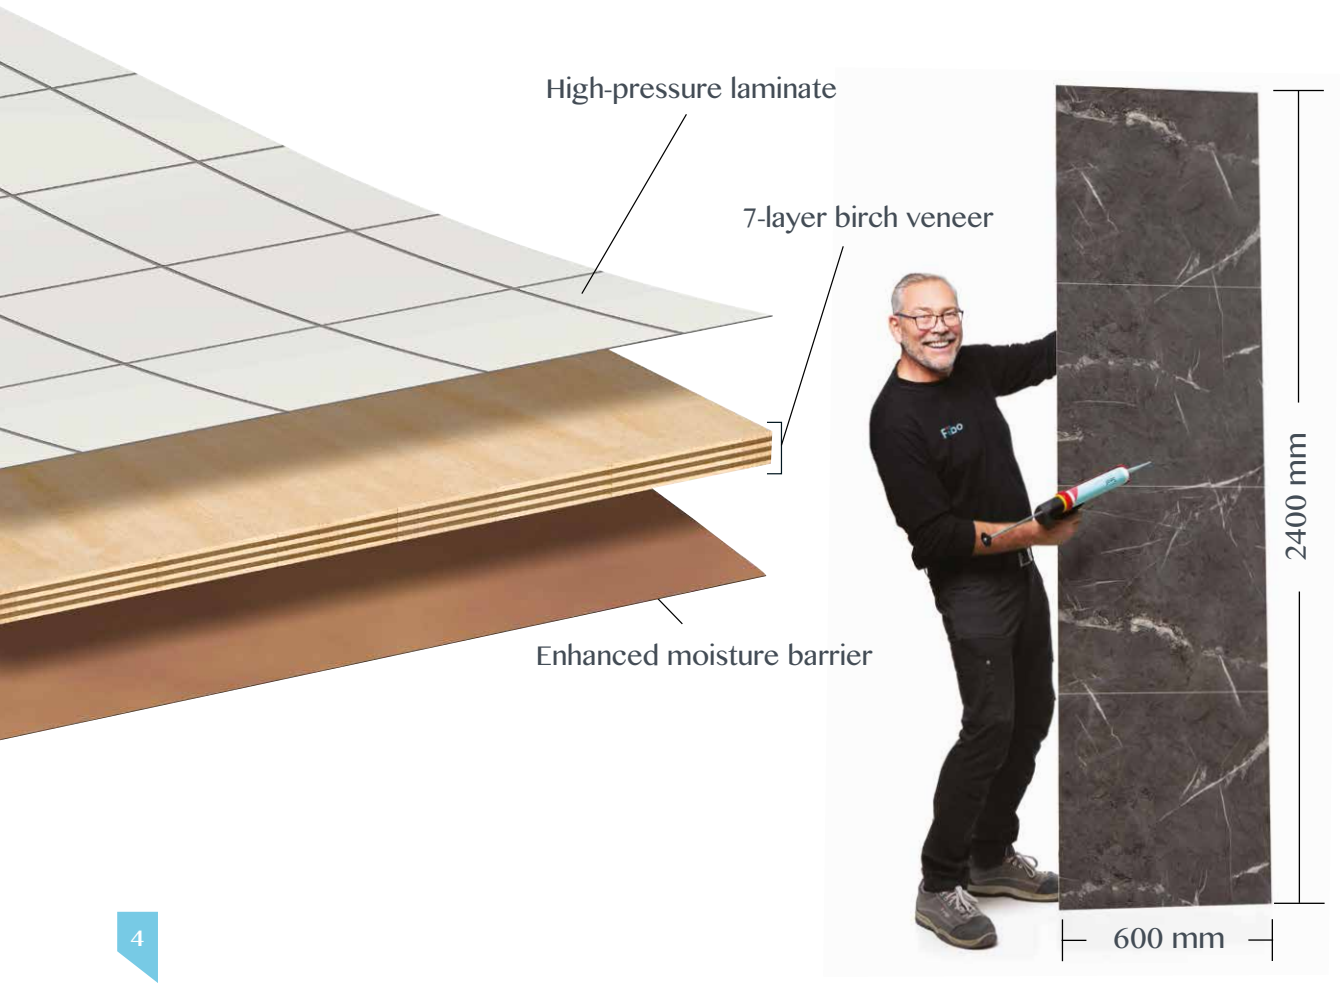
Five times quicker than tiles. About a hundred times easier.

Installing Fibo wall panels couldn't be simpler.
Go to www.fibo.co.uk for full instructions and watch our 2-minute installation video.

To ensure a waterproof surface the assembly must always be done in accordance with our installation instructions.

Easy & cost effective

Fibo wall panels are designed to make installation easy and efficient.
The wall system can be mounted up to five times faster than tiles, and panels can be attached to the timber frame, tiles or plasterboard.



Fibo Aqualock 100% Waterproof*

Our unique Aqualock 'click-lock' makes Fibo wall systems the perfect choice for both renovation and new buildings. Our unique system provides a 100% waterproof surface when used in conjunction with an approved sealant, such as Fibo Seal. Panels can be mounted directly onto timber frames, wall surfaces or tiles making the job quick and easy and the joints virtually invisible.

*For a 100% waterproof seal, sealant must be used in all joints and any exposed plywood surfaces to make our panels fully watertight.

Understanding our Range

We have 7 collections to choose from

The Urban Collection

With their neat geometric shapes, the new designs in the Urban Collection are guaranteed to impress. Available in classic white, grey and black decors.

Scandinavian Tile

Reflects our Norwegian heritage with clean lines and smart tile effects. Whether you prefer large format marble and stone, wood or a super-modern industrial look.

Comtemporary Tile

Offers a range of both high gloss and matt finishes in a choice of modern colours.

Signature Collection

Featuring new on-trend colours alongside classic trend-setting marble designs and industrial styling.

Timeless Collection

Offers plain panels in monochromes and light shades. The range offers great value with the same quality laminate and unique Aqualock click system.

Luxury Feature Panels

Mix and match to contrast or complement in 4 bold designs, just 300mm wide.

Kitchen Splashbacks

Beautiful splashbacks in a choice of stylish decors, available on smaller boards that fit perfectly over existing worktops.

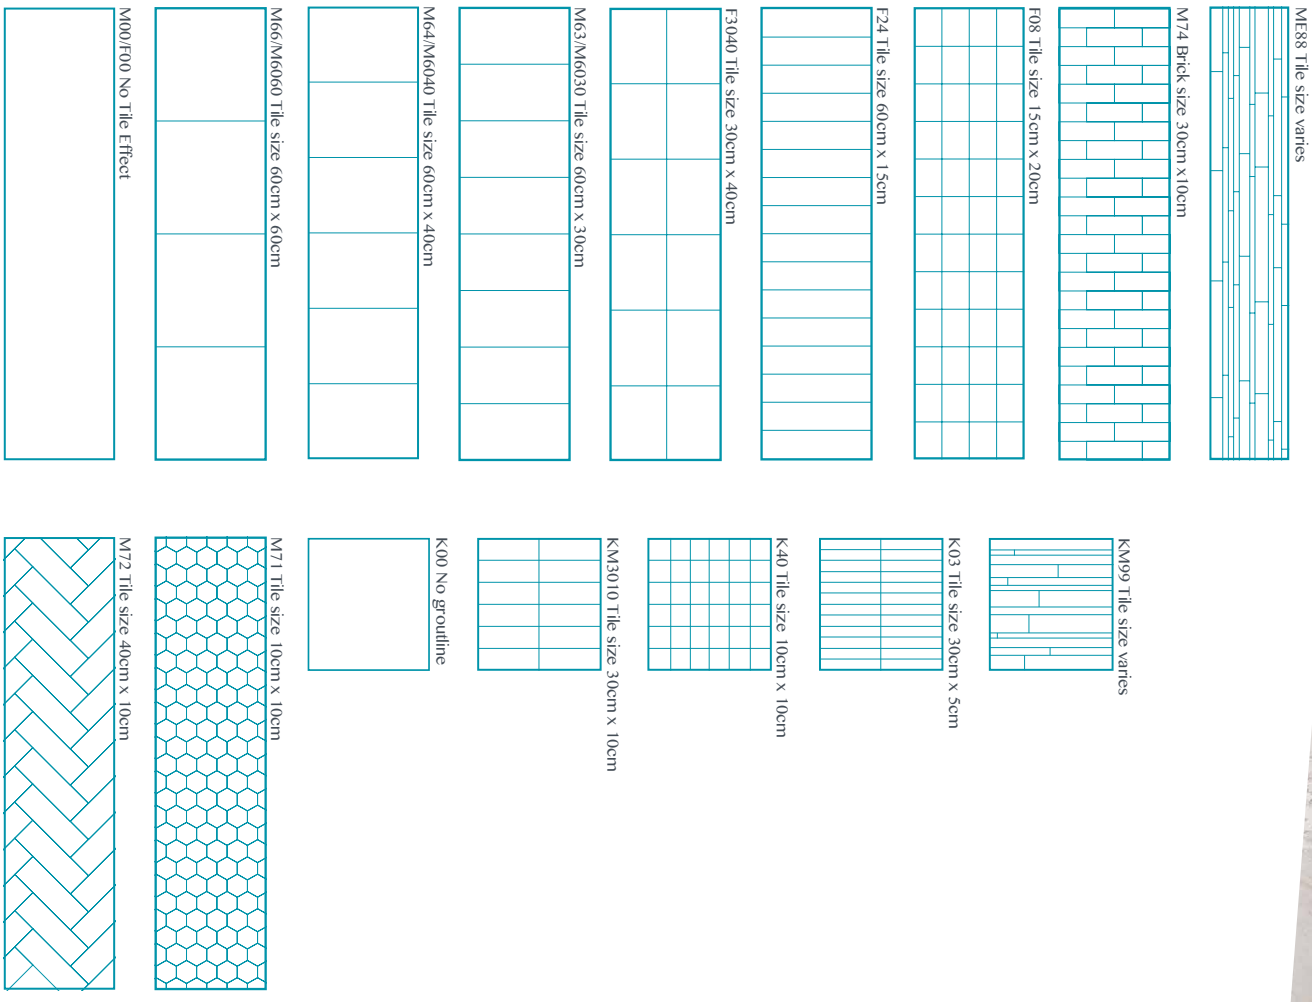
Tile sizes

Check your tile size using the drawings below for reference.



Note: Images and colours shown must be used as a guide only. Please see actual laminate samples before purchase as colours are only as accurate as printing allows. Abbreviations: HG = High Gloss, SC = Saw Cut, S = Silk, GEM = GEM Stone, STN = Stone, EM = Extramatt, RU = Rustic, C = Cement, SL = Slate.

The right accessories for the job

Code: Fibo-Wipe

Code: Fibo-Seal-White
Code: Fibo-Seal-Grey

Code: Fibo-Adhesive

Code: Fibo-Tool

Code: Fibo-Clean

Choose from the Fibo range of accessories to ensure the perfect finish every time. Ideal for use with Fibo wall panels, our accessories create a quicker, trouble-free installation.

Fibo Adhesive: With high tensile strength, this hybrid polymer is the perfect adhesive for use with wall panels. 1 tube will glue approx. 3 x 600mm panels. Size 290ml.

Fibo Seal: A waterproof, hybrid polymer sealant available in either grey or white. 1 tube of sealant is enough to seal all joints on up to 4 x 600mm panels. Size 290ml.

Fibo Clean: A special cleaning spray to be used in conjunction with the sealant tool for removing excess unhardened sealant from wall panels. Size 400ml.

Fibo Wipes: Multipurpose cleaning wipes for removing unhardened sealant, oil and grease. Pack size: 35 wipes.

Fibo Sealant Tool: The perfect tool to get the optimum seal in Fibo wall panel joints and corners. Pack size: 2 tools.

The details matter

Use Fibo profiles (trims) to complete your perfect installation.
All profiles come in 2400mm length.

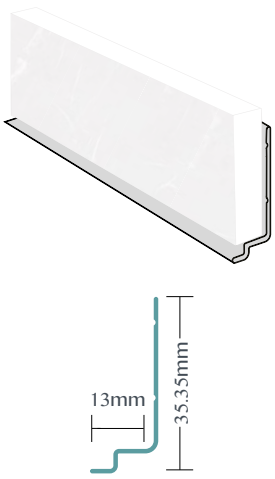
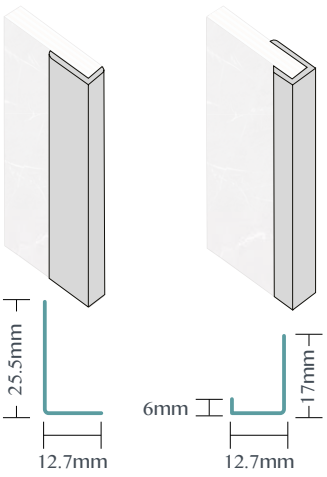
Base



ALUMINIUM ONLY
Code: RSABP

L or J Shape



WHITE PVC OR ALUMINIUM
Code: WP110-LS Code: RSALP

ALUMINIUM ONLY
Code: AAJS

Fibo top tips

- Use a Hidden Internal Corner if you don't want to see a metal strip.
- Use a Base profile to protect the bottom edge of the panel in a shower, bath or wet room.
- To hide exposed/raw edges use either a J or L shape. The L shape is wider in appearance.
- For window reveals or boxing in, use an L shape.
- Always use Fibo Seal when joining panels together or using profiles.
