New Agate Grey foiled profiles

Concord are pleased to announce the introduction of Agate Grey woodgrain foiled profiles.

The expansion of the Concord range offers the consumer a wider variety of colours to transform their property. The Agate Grey foiled profiles are now available in Roofline, Cladding and Window Trims which co-ordinate perfectly with the windows industry.

- RAL 7038
- 10 year Product Guarantee
- Samples available on request
(see reverse for additional details)
