

Ulti-Verge Ambi Dry Verge (Universal)

Description

Ulti-Verge Ambi Dry Verge is designed to provide a mortar free and secure method of fixing concrete interlocking verge tiles still complying to BS5534 and as it isn't handed so can be fitted on both sides of the roof. It provides a consistent appearance that requires no maintenance. The system is available in four colours to blend in with the roof line and fits concrete interlocking tiles, between 260-355 mm batten gauge and tested to BS8612.
