## Duquesa 20

Origin: Spain

Colour: Dark Grey

Quality: Prime & Ultra

### Origin

Duquesa 20 slate is quarried in the province of Leon, in the La Bana region of North-West Spain.

### Availability

Available in a 500x250, the Duquesa 20 is suitable for new build and refurbishment projects.

### Test results

Duquesa 20 slate tests at a W1, S1, T1 rating, meaning it conforms and surpasses all the top UK tests for water absorption, thermal cycle resistance and sulphur dioxide (acid rain) exposure.

### Sustainability & Environment

100% natural, each slate is split by skilled craftspeople with no additional treatments added, making slate the correct choice for those looking for a roofing product with less environmental impact.

### Technical Information

Duquesa 20 comes with a declaration of performance (DOP) that is available upon request.

Duquesa 20 slate has been put through the most stringent selection process, whilst also being tested to the British UKCA requirements.

Each slate may vary slightly in respect to size and colour, it is necessary to allow a cutting and wastage allowance when determining the quantity of slates to order.

### Guarantee

Independent Slate Supplies provide a UK guarantee for all of our natural slate products.

Duquesa 20 slate has a guarantee of up to 50 and 75 years.
