WE ARE MORE THAN BATHROOMS

We have family values, with our history deeply routed in the traditions of the Gargour family. Our reputation is founded on design-rich, competitively priced sanitaryware that has been crafted to the highest manufacturing standards. We pride ourselves on the flexibility we provide and the tailored solutions we offer to those we work with.

We are ever-growing, exporting to over 50 countries worldwide. We have the capacity to produce 6.2 million pieces each year; every piece hand finished.

We are Lecico.

WE CAN & WE WILL

"WE HAVE A TERM THAT WE OFTEN REFER TO INTERNALLY TO TEST OUR RESOLVE TO PROVIDE THE BEST POSSIBLE CUSTOMER SERVICE LEVELS – WE CAN, AND WE WILL."

- ANTONY THOMPSON, LECICO MANAGING DIRECTOR

A high-contrast, black and white photograph of a hand pointing with the index finger. The hand is positioned on the right side of the frame, with the index finger extended towards the left. The skin texture is visible, and the lighting creates strong highlights and shadows, emphasizing the form of the hand and the surface it is pointing at. The background is a smooth, light-colored surface.

**"STYLES COME AND GO. GOOD DESIGN IS A
LANGUAGE, NOT A STYLE."**
- MASSIMO VIGNELLI

IT ALL STARTED WITH ORANGES

The first Mercedes shipped to the east was traded by T.Gargour & Fils. It was worth its weight in Jaffa oranges; 5000 cases of them were exchanged for the Mercedes. T.Gargour & Fils is still run today by the Gargour family alongside Lecico and remains the sole distributor of Mercedes Benz in Lebanon and Jordan.

LAYLA

NAME MEANING:
NIGHT

Layla was the name chosen for the romantic poems written by the 7th century poet Qays. The story of Qays and Layla became a well known romance in medieval Arabia and Persia. The name increased in popularity in the western world when Derek and the Dominos released 'Layla' in 1970, the title of which was inspired by the medieval story.

FREESTANDING BASINS
-TAP DECK WASHBASINS

Each tap-deck washbasin comes with a subtle rim surrounding the deck to aid in the prevention of water spillages. This design choice allows for use in busier environments such as public washrooms. These washbasins can be paired with all basin mixers in the Designer Series brassware range from Lecico.

Guarantee Information

Design Series guarantees cover all manufacturing defects. This guarantee does not cover damage during fitting or misuse. The guarantee applies only to the original purchasers of the product and is not transferable. All Design Series chrome taps and showers carry a 10 year Guarantee, products with finishes other than chrome are guaranteed for 2 years, showers are supplied with a 5 year guarantee, cistern internals are covered by a 2 year guarantee, soft close seats and furniture are covered by a 5 year guarantee. All products not aforementioned come with a 1 year guarantee. For full terms and conditions on guarantees please contact us directly.

Prices

The prices included within this brochure supersede all previous publications with goods being invoiced at prices ruling on date of dispatch. Prices shown are inclusive of VAT and are subject to alteration without notice.

Errors & Omissions

In the interest of continuing design and development and product improvement, Lecico reserve the right to change colour, designs & product specifications without prior notice. All colours/finishes in this brochure are as accurate as the printing process will allow.

Measurements

All dimensions are in millimetres and are nominal, they are provided as guidance only.

Wastes

Wastes are not supplied with freestanding taps, wall mounted taps, bath taps, bath fillers and bath shower mixers.

Cleaning Instructions

Clean with a soft cloth and avoid surfactants and heavily perfumed products. Do not use abrasive scrubbing cleaners or equipment for cleaning.

At Lecico we know that water is a unique and limited resource. We're committed to reducing the amount of water used in the operation of our WC's; most come with a dual flush mechanism as standard. In addition we are now able to offer an increasing number of products within our ranges which only require 4/2.6 litres of water for flushing. This represents a significant saving on utility bills.

Current developments include the addition of delayed fill inlet valves for our range of WC's. Lecico as a manufacturer of bathroom ceramics are aiding governments in their quest to reduce water consumption by producing new, exciting, innovative and technologically advanced bathroom products.

We've also pledged our commitment to the European Water Label scheme. The scheme provides easy access to a comparative database of bathroom products, which when installed and used correctly will use less water, save energy and save money.

You can use the European Water Label as a guide to find a toilet that will save you money.

Visit their website to find out more:

www.europeanwaterlabel.eu

View our water label info here:

The Legal Bit

All items shown in this brochure are subject to availability and are correct at the time of printing.

All dimensions are approximate and subject to normal ceramic variation.

All items shown include VAT charged at the standard rate where applicable.

Although every effort is made not to change the information in this brochure, Lecico reserve the right to do so without prior notice.
