

P371 - ERGONET FFP3 Valved Dolomite Respirator

Collection: Disposable Mask FFP3

Range: Disposable Masks

Materials: PP, EVA Foam

Inner Pack: 5

Outer Carton: 30

Product information

Ergonomically designed to fit most face shapes, this respirator has a soft outer net cover to protect and retain its shape. Its high performing exhalation valve works efficiently to reduce heat inside the mask and provides comfort when used in hot and humid conditions. Other features include an innovative moulded nose bridge for a perfect fit, whole around "O" ring face joint and wide adjustable elastic bands.

Disposable Mask FFP3

Disposable mask FFP3 level, protects against solid and liquid particles of high toxicity. Minimal % of filtration 99%. Protects up to 20 times the TLV (Assigned Protection Factor for FFP3 masks) or up to 50 times TLV (Nominal Protection Factor for FFP3 masks). Examples of applications: Sanding of hard wood (beech, oak) / treatment of wood using copper, chrome or arsenic based products / impact stripping of paint / sanding of cement. Exceptional quality and performance are ensured across our range of disposable masks.

Disposable Masks

Our Biztex™ brand ensures exceptional quality and performance across our full range of disposable masks. The extensive Biztex™ range offers a high level of protection and quality safeguarding the wearer against many workplace risks including liquid chemicals, static electricity, dry particles and radioactive contamination.
