

# Complete system solution

## ALUMINIUM PROFILES

A full range of aluminium profiles is available in complementary colours, for both Cedral Lap and Click, which provides a complete cladding solution. Please refer to the Cedral Fixing Guide for more information on the aluminium profiles. To order a copy of the Cedral Fixing Guide, visit [www.cedral.co.uk](http://www.cedral.co.uk).

Profile (sizes in mm)	Cedral Lap	Cedral Click
<b>External corner (symmetric)</b> This universal trim can be used to provide protection on external corners and for stop profile applications.		
<b>External corner/window reveal (asymmetric)</b> Can be used as an external corner or where detailing on a window reveal.		Not required
<b>Internal corner</b> To finish the corner where Cedral meets on an internal corner forming a seal between the trim and the corner.		
<b>External corner junction</b> Used as a corner joining piece. Only available in black. 300mm length.		Not required
<b>Start profile</b> Used to start a cladding run with a lip to cover the first batten.		
<b>Vertical start profile</b> Used to start a vertical cladding run.	Not required	
<b>End profile</b> Hides any sharp corners and protects the Cedral edges from wear and tear.		Not required
<b>Connection profile</b> End trim to finish Cedral when used as a single piece on a window reveal or soffit.		
<b>Perforated closure</b> Used to protect against pest infestation and debris. Galvanised finish 2.5m length.		
<b>Window lintel profile</b> Used to finish above the window and to support next course of Cedral Click.	Not required	

## ACCESSORIES
