

Soudal Duct Tape

Date: 07/02/2024 – NEW

Page 1 from 1

Technical data

Material	Polyethylene
Adhesive	Solvent free adhesive
Total Thickness	0.165 mm
Elongation at break	20%
Adhesion	10.5 N/cm
Tensile Strength	39 N/cm
Weight	0.154 g/cm ²

Product description

Soudal Duct Tape is a professional quality polyethylene cloth tape.

Properties

- Waterproof properties.
- Strong adhesion.
- Very high tensile strength.
- Excellent elongation properties.

Applications

- For sealing, repairs and packaging.
- Securing duct seams.
- Wrapping pipes.
- General maintenance.

Packaging

Colours: Silver, white and black.

Packaging: Tape roll 50m length, with a width of 50mm. Twin pack available in silver and black.

Shelf life

In unopened packaging in a dry and cool storage at temperatures between +15°C and +25°C: 12 months

Liability

The content of this technical data sheet is the result of tests, monitoring and experience. It is general in nature and does not constitute any liability. It is the responsibility of the user to determine by his own tests whether the product is suitable for the application.

Remark: This technical data sheet replaces all previous versions. The directives contained in this documentation are the result of our experiments and of our experience and have been submitted in good faith. Because of the diversity of the materials and substrates and the great number of possible applications which are out of our control, we cannot accept any responsibility for the results obtained. Since the design, the quality of the substrate and processing conditions are beyond our control, no liability under this publication is accepted. In every case it is recommended to carry out preliminary experiments. Soudal reserves the right to modify products without prior notice.
