

DE-ICER

Frost and Ice Buster for Frozen Windscreens

Technical Data Sheet

PROFESSIONAL CLEANING RANGE

EFFECTIVE DOWN
TO -15°C

Description:

A spray applied de-icer with a concentrated formula to quickly defrost windscreens and frozen glass surfaces.

Features & Benefits:

- ◆ Quickly clears frost and ice from vehicle windows.
- ◆ Prevents refreezing.
- ◆ Works down to -15°C.
- ◆ Non-smear formula.

Uses

De-icer quickly melts ice and frost formed during cold weather, with minimal risk of causing damage to your vehicle. De-icer spray can also be used to free the rubbers of your wiper blades in freezing conditions; this is particularly useful on vehicles fitted with automatic windscreen wipers, reducing strain on the wipers and their moving parts when the engine is started.

Directions

1. Remove any loose snow from the windscreen with a scraper.
2. Spray from top of windscreen working downwards.
3. Once ice has melted, activate windscreen wipers.
4. Remove any excess overspray.

Size

750ml plastic spray bottle.

Colour

Blue liquid.

Shelf Life

12 months from date of manufacture when stored in unopened bottles.

Storage Conditions

Keep bottle tightly closed. Store upright in a cool, dry place, out of direct sunlight between +5°C and +25°C.

Caution

It is an offence to drive without properly defrosting or demisting your vehicle and the police can fine you for relying on 'porthole vision' - where drivers leave a gap big enough to see out of but not the whole windscreen.

Note: Using a vehicle with parts or accessories in a "dangerous condition" could result in a fine of £60 and three penalty points.

Disposal Of Containers

Do not leave empty containers where residue could be harmful to children, animals or the environment. Remove any containers to a central disposal point in accordance with local regulations local regulations.

Health & Safety

Please refer to separate safety data sheet (SDS) for full handling, use and storage instructions. Keep out of reach of children. It is the user's responsibility to determine suitability for use. If in doubt, contact our Technical Department for advice.

Note: this information is for general guidance only, since site conditions and labour are beyond our control.

Specification Summary

Contains	Isopropanol
Appearance	Blue liquid
Flammability	Flammable
Flash Point	~22.5°C (lit. value)
pH	5.15
Solubility in water	100%
Density	0.913g/cm ³
Commodity Code	3820000090
