2024/25

# Welcome

## Our new 2024/25 product catalogue is here, which contains plenty of exciting new products.

Thank you for continuing to be such a fantastic industry to be a part of and for your continued business. Please read on to get more of a sense of what we're about, here at Mark Vitow.

**Matthew Phillips**, CEO, Mark Vitow Ltd

### OUR HISTORY

In 1989 Mark Vitow and his son Brandon Vitow created the family business it continues to be today, working as travelling salesmen selling just four products from the boots of their cars.

Since then, spanning three generations of family ownership, Mark Vitow Ltd has grown significantly and is now uniquely positioned and connected via our experience as a successful distributor and manufacturer to the plumbing industry.

We now offer a portfolio of over 3,000 products for next day delivery, including a wealth of industry-leading brands and an extensive range of products under the Vitow brand.

Providing exceptional customer service is at the heart of everything we do and underpins the core values that have served us so well since 1989, namely respect, innovation, ambition and integrity.

### POSITIVEPLUMBING™

We love what we do and go about our work with optimism, passion and drive.

We strive to do things the right way – right by our customers, right by each other and right by our moral compass.

We persevere in our mission to provide quality, value and unbeatable service to the sector whilst having a positive impact within the plumbing industry and beyond.

To see what we're up to in the name of PositivePlumbing™ scan the QR code or visit [www.markvitow.com/positiveplumbing](http://www.markvitow.com/positiveplumbing)

## PAYMENT & DELIVERY

Free delivery for orders over £120 (UK Mainland)

For orders placed by 4.30pm we aim to deliver the next working day

Terms 30 days Net

Credit cards welcome. Surcharge on American Express only 1.5%

All prices are exclusive of VAT.

Orders below £120.00 will incur a £10.00 carriage charge (UK Mainland). Back orders will need to make up a £60 order value when the item is back in stock.

Prices are subject to alteration and subject to withdrawal without notice.

Quantities on orders may be rounded to the nearest minimum shipping quantity without prior notice.

Short deliveries must be reported within 3 working days.

Requests to return unwanted goods must be made within 14 days of receipt and will be subject to a fee to cover the cost of restocking.

This right does not apply to special orders, obsolete stock or price deals.

All illustrations are for identification purposes only and are accurate at the time of going to press but may not exactly represent the goods supplied.

**CANCER  
RESEARCH  
UK**

## OUR PARTNERSHIP WITH CRUK

**Cancer is a far too prevalent disease that has affected the Mark Vitow Family in ways that are identifiable for so many other families.**

Brandon Vitow (Director and Founder along with his father Mark Vitow) lost his first wife and the mother of his two children, Holly and Joel, to Breast Cancer.

Bryony Vitow was in her mid-30s when she lost her battle with Cancer and Brandon had to navigate life as a bereaved single father to Holly Vitow who was five years old and Joel Vitow who was two years old, as they too tried to cope with losing their mother. At this time Brandon had only recently founded the business with his father Mark.

In spite of these most challenging circumstances, Brandon succeeded in growing Mark Vitow Ltd and later met his wife and fellow Director Melanie Vitow, who was instrumental in the continued growth of the Company. Two of their children, Matthew Phillips (Chief Executive Officer) and Rachel Pead (Company Director - People and Operations) work for Mark Vitow Ltd today.

Matthew himself had to fight Cancer at the age of 20 whilst studying Economics at Bristol University. Others in the wider Mark Vitow family have too been affected by or lost a loved one to Cancer.

**We champion Cancer Research UK in the hope that, through continued research, together we will beat Cancer.**

**Brandon Vitow,**  
Company Director

**Melanie Vitow,**  
Company Director

**Rachel Pead,**

# MULTI-SURFACE CONSTRUCTION SEALANT & ADHESIVE

**The Revolutionary Hybrid Polymer formulation for the ultimate bonding and sealing.**

OB1 replaces mastics, wood and PU adhesives, silicone, sanitary sealants, acrylic and butyl rubber sealants all in just one product. Our highly environmental accredited product is one of the only products to meet consistently with the ever changing environmental legislations and it is V.O.C free, EC1+ Rated and Food Approved. Contains no isocyanates, silicones or solvents therefore it has been approved for Leed Construction Projects.

## JOB DONE

### PLUMBERSPAL

# HYBRID SEALANT & ADHESIVE FOR PLUMBING

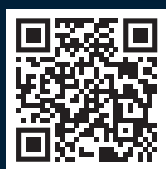

**OB1<sup>®</sup> PlumbersPal is the ultimate Hybrid Sealant and Adhesive for sanitary applications.**

**INTERIOR/EXTERIOR**

A premium, high strength sealant and adhesive specifically developed for the sealing of expansion joints in sanitary applications such as kitchens, bathrooms and industrial applications. It adheres perfectly without primer on most substrates and is almost odourless, permanently elastic, offers mould, weather and high UV resistance, and can be used for interior and exterior projects. The formulation conforms to BREEAM specification Hea 02 Indoor Air Quality, regarding volatile organic compound (VOC) emission levels.

# FLUSHDADDY™

## PAN CONNECTORS

Our FlushDaddy pan connectors are made from a high-quality polypropylene plastic with an excellent rubber sealing washer. The internal rubber gasket in our rigid pan connectors are elongated meaning the seal with the pan spigot is completely water tight.

# OSMA Hep<sub>v</sub>O

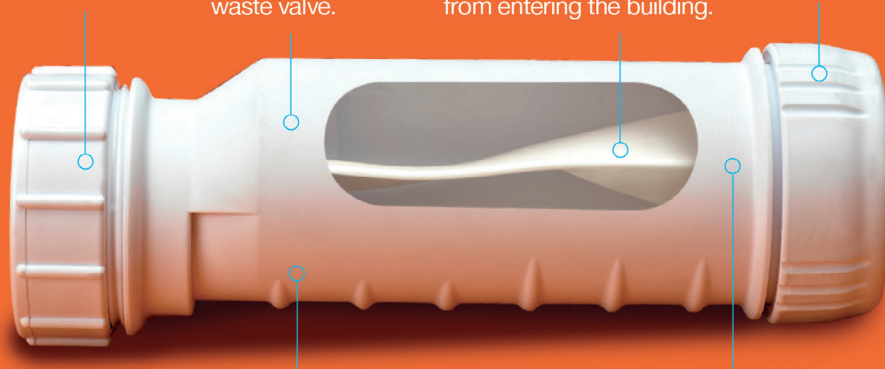

It won't dry out! It won't gurgle!  
It won't let you down...

Silent operation, no gurgling.

Hep<sub>v</sub>O hygienic self-sealing waste valve.

Elastomeric membrane prevents foul sewer air from entering the building.

Connects to 1/4" and 1/2" BSP thread.

ATS 5200-047:2005

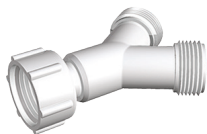

Ideal for installation in confined areas and can be installed either horizontally or vertically.

Smooth bore prevents blockages and risk of stagnating solids.

# KORONA™

*Everyday Luxury*

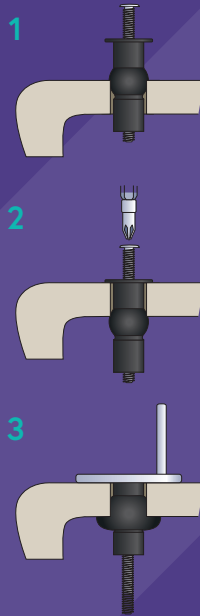

Premium Quality Seats with Air-Lok™ Technology

**STANDS AVAILABLE!**  
Speak to your Regional Sales Manager for details

Korona is a comprehensive range of premium quality, affordable toilet seats from Mark Vitow Ltd. Designed with versatility in mind, Korona toilet seats feature a universal fit that effortlessly adapts to a wide range of toilet pans. Whether you have a modern or traditional bathroom, our seats provide a seamless installation experience, ensuring compatibility without compromise.

## With **Air-Lok™ Technology**

*Engineered to perfection, Air-Lok utilises advanced technology to expand seamlessly upon installation, creating a firm and secure grip on the toilet pan. This innovative feature ensures a rigid fixing that eliminates any hint of seat twisting or movement, providing you with unparalleled comfort and peace of mind.*

# Don't compromise

Fit *MagnaClean*®

## Not just magnetite

Magnetic and non-magnetic zones, capturing even the smallest particles.

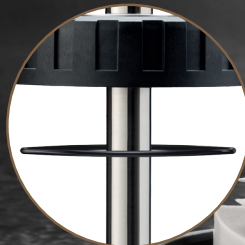

## Bi-directional flow

Full capture capability and greater install options.

## Powerful magnets

Positioned in the flow to attract and keep hold of tiny particles giving excellent first pass capture.

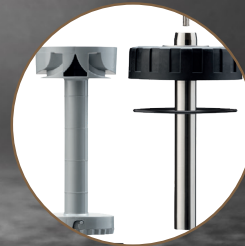

## Increase capture rate

Ultra-thin sleeve maximises magnetic force.

## Visible capture and easy cleaning

Servicing the filter is easy. Removal of the entire magnet and sheath allows visual inspection and cleaning so nothing is left behind.

Scan to see the full range

When you fit an ADEY *MagnaClean* filter, you can be assured you are providing a high quality filter designed to effectively protect your customers' heating system. After all, our reputation is your reputation.

TRV Round Angled - RAL 7012	<b>MV0253</b>	
TRV Round Angled - Brushed Brass	<b>MV0190</b>	

## STANDARD AND DIGITAL ELEMENTS

Standard UK Specification electric elements are available in 150w, 300w & 600w variants. Our Smart Thermostatic range combines high quality manufacturing with temperature flexibility and is becoming an ever more popular choice with end users. Chrome T-Pieces not included.

### 1. Elements - Fixed Temperature

Standard UK Specification cation heating elements to convert new or existing towel radiators to electric or dual fuel installations. Our selection of power outputs cover most sizes of towel rails. T-Piece not included.

Description	Model No.	Price Pair
UK Electric Element - 150W	<b>MV0071</b>	
UK Electric Element - 300W	<b>MV0072</b>	
UK Electric Element - 600W	<b>MV0073</b>	

### 2. SMART WI-FI

Large back-lit display constantly shows all the information concerning the functioning of the thermostat through pleasantly coloured icons. Wifi module allows complete iOS and Android integration through a dedicated app

Description	Model No. 300W	Model No. 600W
Element - Chrome	<b>MV6070</b>	<b>MV6071</b>
Element - RAL 7012	<b>MV6076</b>	<b>MV6077</b>
Element - Black	<b>MV6074</b>	<b>MV6075</b>
Element - White	<b>MV6072</b>	<b>MV6073</b>

### 3. DIGITAL THERMOSTATS

**Functionality** - The heater offers five temperature settings from 30 °C to 65 °C. An electronic temperature sensor ensures precise temperature control. The device displays the temperature to which it is currently set, and indicates the status of the heating cycle. Comes with 2 hour boost, 12/24 hour recurring timer.

**Safety** - The heater has an active safety feature which initiates in the event of dry radiator operation. The heating element is equipped with a temperature sensor and thermal fuse (double overheating protection) and offers frost protection (ANTIFREEZE). The heater will display warning indicators in the case of malfunction.

Description	Model No. 300W	Model No. 600W
Element - Chrome	<b>MV0075</b>	<b>MV0076</b>
Element - Black /Dark Anthracite	<b>MV0112</b>	<b>MV0113</b>
Element - RAL 7012	<b>MV0229</b>	<b>MV0230</b>
Element - White	<b>MV6078</b>	<b>MV6079</b>

## 15MM PIPE SETS

180mm pipe and shroud kits in matching finishes. Our 15mm Pipe Kits shown below contain 2x 15mm x 180mm pipes and 2 shrouds to provide a professional finish to both valves and radiators, giving the complete finish.

### 15mm Pipe Sets

Description	Model No.	Price Set
15 x 180mm Pipe Set - Black	<b>MV0061</b>	
15 x 180mm Pipe Set - White	<b>MV0115</b>

## T-SMART THERMOSTAT IMMERSION HEATER

The T-Smart mobile phone app works in conjunction with your busy lifestyle and allows control of hot water when you need it most.

Being able to control the thermostat remotely means you can turn off the immersion when it's not needed, safely securing the water heater in frost protection mode whilst conserving energy and saving you money on running costs.

The built-in anti legionella function gives additional piece of mind that the system will be continuously protected from bacteria growth, carrying out the antibacterial cycle at least once every 15 days.

**The high quality CSST system that should be part of every merchants standard stock.**

**Flexigas is an innovative CSST solution perfect for everyday jobs like refurb and retrofits, as well as new builds. With better margins for merchants than copper while still doing all the same jobs, the system is a must have in your standard stock selection.**

- UK's largest CSST fitting range with over 150 fittings, making transition between copper and Flexigas seamless.
- Range of patented features, making gas installations safer and easier.
- Free silicone tape include in every box and spool.

**Aladdin**  
**EasyFit Isolator**

**Essential Kit for Plumbers!**

**Why use the Aladdin EasyFit Isolator?**

The Aladdin EasyFit Isolator clamps directly onto live pressurised pipe (hot or cold), safely providing a full bore quarter turn valve (permanent stopcock), no need to restrict services or freeze pipes.

**10 YEARS GUARANTEE**

COPPER PIPE, PEX PIPE, POLYBUTYLENE PIPE, MULTI LAYER PIPE

**WRAS**  
1910312  
APPROVED PRODUCT

**'WRAS approved Stopcock'**  
The quick-fit plumbing isolation valve for pressurised pipe

**Aladdin**  
**Autovents**

**SAVE £££'s SAVE ENERGY**

**Why use Aladdin Autovents?**

- Automatically bleed radiators and towel rails
- Keep radiators hot to the top
- Improve heat output and saves energy
- Easy to fit no need to drain the system
- No air = reduced corrosion = extended radiator life
- Reduces radiator noise

**5 YEAR GUARANTEE**

**BSRIA**

Fully automatic radiator de-aeration valves

**FloPlast**

## Soil & Waste Systems

FloPlast Soil & Waste Systems offer a comprehensive, integrated and modern range of products and systems for all soil and waste applications

Components have a consistent high gloss finish and colour

Manufactured in PVC-U, a strong and durable product that is lightweight and easy to work with

Suitable for high temperature waste discharge

Fittings have an aesthetic modern look, are compact in size yet remain within British Standard specification

A comprehensive range of fittings to suit most installations and which integrate with all FloPlast above and below ground drainage systems

# Mark Vitow Terms & Conditions of Sale

## 1 About us

- 1.1 We are Mark Vitow Ltd, a company registered in England and Wales under number 02425046. Our registered office is at: St John's Court, Easton Street, High Wycombe, HP11 1JX, United Kingdom.
- 1.2 Any reference to 'we', 'us' or 'our' in these terms is to Mark Vitow Ltd, and any reference to 'you' or 'your' is to the person placing an order with us.
- 1.3 You can contact us on 020 8207 3784 or via email at sales@markvitow.com or the online 'contact us' form on our website.

## 2 These terms

- 2.1 These terms (Terms) apply to any purchases you make from us, whether via our website (merchant portal), telephone, text (or other messaging service), email, fax, or through our sales team or any other method of sale.
- 2.2 Please read these terms carefully as they set out important information about your and our rights and obligations.
- 2.3 These Terms supersede any previously issued terms of purchase or supply. No terms referred to, delivered with, or contained in any order confirmation or other document will form part of the contract unless you and we agree in writing.
- 2.4 You must be at least 18 years old to place an order with us. If you are placing an order on behalf of a business, you confirm that you have authority to place such order for and on behalf of that business.
- 2.5 We may make changes to these terms at any time. However, the terms which apply to your order will be those in force at the time you submitted your order to us.
- 2.6 These Terms should be read together with the 'Shipping & Returns' and 'Customer Care Document' sections of our website at <https://online.markvitow.com/shipping-returns> and <https://online.markvitow.com/contactus> which set out additional terms that apply to any purchases you make from us.
- 2.7 If there is any inconsistency or ambiguity between: 1) these Terms; and 2) the 'Shipping & Returns' and 'Customer Care Document' sections of our website, the 'Shipping & Returns' and 'Customer Care Document' sections of our website will take precedence.

## 3 Orders

- 3.1 Please check your order carefully and correct any errors before you submit it to us. Your order is an offer to buy products from us on these Terms. It does not mean that your order has been accepted by us.
- 3.2 Acceptance of your order by us takes place once we have processed it and sent you an order acknowledgement, at which point a legally binding contract is formed between you and us on these Terms.
- 3.3 If we do not accept your order, for example because we have been unable to pre-authorise a payment, the products are unavailable, you are under 18, or there has been a mistake regarding the pricing or description of the products, we will contact you using the details you provided when you placed your order. We have the right to reject any order for any reason.

## 4 Availability

- 4.1 All orders are subject to availability. We cannot guarantee that any product will be available at any given time. In certain circumstances beyond our reasonable control, for example where there has been a change in law, we may need to stop selling certain products. If this happens and it affects your order, we will notify you, cancel your order and provide you with a full refund (including any delivery costs) if payment has already been taken.

## 5 Making changes to your order

- 5.1 If you would like to make any changes to your order after you have submitted it, please contact us as soon as possible and we will let you know if it is possible to change your order.

## 6 Product descriptions

- 6.1 Descriptions of our products are set out on our website at <https://markvitow.com/> and in our product catalogue.
- 6.2 Please read the product description carefully. Pictures and images of the products or their packaging are for illustration purposes only. Your products and their packaging may vary slightly from those pictures or images. We cannot guarantee that the colours displayed on our website or in our product catalogue will match exactly the actual appearance of the products.
- 6.3 All weights, sizes and measurements provided are as accurate as possible.

## 7 Prices

- 7.1 All prices are in pounds sterling (£)(GBP) and exclusive of any applicable VAT and delivery charges (which will be specified separately) as set out in the order acknowledgement. If you are ordering from outside the UK, you will be responsible for any applicable import duties or other taxes.

- 7.2 Prices and payment terms for our products and delivery charges may change at any time. Except as set out below, such changes will not affect existing orders.

- 7.3 If there has been an error regarding the pricing of any of our products and this affects your order, we will try to contact you using the contact details you provided when you placed your order. If we are unable to contact you, we will process the order in accordance with the order acknowledgement.

## 8 Payment

- 8.1 We may extend specific credit terms to you and invoice for the products you purchase. We will provide any such credit terms / invoicing arrangements at our sole discretion and may withdraw or vary them at our sole discretion. Unless agreed otherwise in writing all invoices must be paid within 30 days of receipt. You must pay all invoices in full without any deduction or set-off.

- 8.2 If we require payment in advance of delivery, we will usually take payment from your credit or debit card when your order is processed. If the payment is unsuccessful, we will try to contact you using the contact details you provided when you placed your order. If we are unable to contact you, we will cancel your order and notify you.

- 8.3 We accept all major credit cards and debit cards, payment by bank transfer / BACS. All credit card and debit card payments need to be authorised by the relevant card issuer.

## 9 Delivery dates and costs

- 9.1 We will provide delivery information and options as part of the order process and may not always be able to arrange delivery to your specified address.
- 9.2 We will do what we reasonably can to deliver your order via one of our chosen delivery partners on the selected delivery date or within the delivery period specified (if any), as part of the order process.
- 9.3 Any delivery dates stated during the order process, or subsequently, are estimates, unless we have agreed a specific delivery date with you. Any failure to deliver on a specific delivery date or within a specified delivery period does not entitle you to terminate the contract with us.
- 9.4 We may arrange delivery in instalments.
- 9.5 If your delivery is delayed, we will try to let you know as soon as reasonably possible. But we are not liable to you for any losses you incur if delivery is delayed because of circumstances beyond our reasonable control.

## 10 Delivery

- 10.1 We will deliver your order to the address specified by you when you placed your order.
- 10.2 If no one is available to take delivery, our delivery partner will normally attempt delivery once more. If our delivery partner is unable to deliver for some reason beyond their reasonable control, we will notify you, cancel your order and refund you the price of the products (but not the delivery charge).
- 10.3 Once your order has been delivered to your address or in accordance with the delivery instructions you provided to us, the risk in the products passes to you and the goods are classed as having been 'delivered'. This means that you are responsible for the products and we are not liable to you if the products are stolen or damaged after they have been delivered to you. This does not affect your legal rights if the products are faulty or misdescribed.
- 10.4 Notwithstanding delivery and the passing of risk, property in and title to the products remains with us until we have received payment of the full price of: (a) all goods and/or services the subject of these Terms; and (b) all other goods and/or services supplied by us to you under any contract whatsoever. Payment of the full price includes, without limitation, the amount of any interest or other sum payable under these Terms and all other contracts between you and us.

## 11 Faulty products

- 11.1 Please examine the products as soon as reasonably possible after delivery and notify us of any fault or damage as soon as reasonably possible.
- 11.2 As your sole and exclusive remedy, we will (at our option) replace or refund any 'faulty products', ie products that do not comply with our legal obligations to you.

## 12 Events beyond our control

- 12.1 We are not liable to you if we fail to comply with These terms because of circumstances beyond our reasonable control.

## 13 Our liability to you

- 13.1 If we breach these Terms or are negligent (or are found by a court to have liability to you on any other basis), we are liable to you for the foreseeable loss or damage that you suffer as a result. Liability is limited to the total value of the products purchased from us that gave rise to the liability. By 'foreseeable' we mean that, at the time the contract between you and us was formed, it was either clear that such loss or damage would occur, or you and we both knew that it might reasonably occur, as a result of something we did (or failed to do).

- 13.2 We are not liable to you for any loss or damage that was not foreseeable, any loss or damage not caused by our breach or negligence, or any loss of profit, revenue, contracts or anticipated savings, or wasted expenditure, or any indirect, consequential or special loss or damage - in each case even if such loss was reasonably foreseeable.

- 13.3 Nothing in these terms excludes or limits our liability for any death or personal injury caused by our negligence, liability for fraud or fraudulent misrepresentation, or any other liability that the law does not allow us to exclude or limit.

## 14 Your information

- 14.1 Any personal information you provide to us will be processed in accordance with the privacy notice available on our website.

## 15 General

- 15.1 We are not liable to you if we fail to comply with these Terms because of circumstances beyond our reasonable control.
- 15.2 No one other than us or you has any right to enforce any of these Terms.
- 15.3 No changes to these Terms are valid or have any effect unless agreed by us in writing.
- 15.4 If any provision of these Terms (or part of any provision) is or becomes illegal, invalid or unenforceable, the legality, validity and enforceability of any other provision of these Terms will not be affected.
- 15.5 If you breach these Terms and we take no action, we will still be entitled to use our rights and remedies in any other situation where you breach these Terms.
- 15.6 You and we both agree that the order and these Terms (together with the 'Shipping & Returns' and 'Customer Care Document' sections of our website) constitute the entire agreement between you and us in relation to your order. You acknowledge that you have not entered into these Terms in reliance on any representation or warranty that is not expressly set out in these Terms and that you will have no claim for innocent or negligent misrepresentation on the basis of any statement in these Terms.
- 15.7 You may not transfer your rights under these Terms to anyone without our prior written consent. We may transfer our rights under these Terms to another business without your consent, but we will notify you of the transfer and try to make sure that your rights are not adversely affected as a result.
- 15.8 We reserve the right to vary or update these Terms (and the 'Shipping & Returns' and 'Customer Care Document' sections of our website) from time to time. We will display the updated documents on our website and by continuing to purchase products from us, you agree to be bound by the updated versions. It is your responsibility to check for any changes from time to time.

## 16 Complaints

- 16.1 If you are unhappy with us, please contact us as soon as possible using the contact details set out at the top of this page. We will try to resolve any disputes with you quickly and efficiently.

## 17 Law and jurisdiction

- 17.1 These Terms, and any dispute or claim (including non-contractual disputes or claims) arising out of or in connection with them or their subject matter or formation, will be governed by, and construed in accordance with the law of England and Wales. We and you irrevocably agree that the courts of England and Wales have exclusive jurisdiction to settle any dispute or claim (including non-contractual disputes or claims) arising out of or in connection with these Terms or their subject matter or formation.

## CUSTOMER CARE

We hope that you will receive your order as expected and be happy with the quality of the items ordered. Should there be a query relating to your order, we will strive to resolve this as promptly as possible and with great care.
