SPECTRUM

PRO 2CM PORCELAIN TILES

SPECIFICATION DOCUMENT

DESCRIPTION

The OX Pro 2cm – 2cm Porcelain Tile Blade is perfect for fast cutting of 2cm porcelain with minimal chipping. A new mesh segment design ensures a neater cut giving cleaner, sharper cuts time after time. Complete with brand new photo quality screen-print blade design. Suitable for cutting tough material such as 2cm porcelain

FEATURES

- Suitable for wet and dry cutting
- Guaranteed to cut porcelain, all hard stone and all ceramic tiles
- Fast cutting – unique diamond segment ensures swift and smooth cutting, making it easier and more accurate
- Mesh segment design – ensures minimal chipping of material during cutting.
- Cooling holes for fast effective heat reduction to ensure stability of the centre plate whilst cutting extremely hard materials

APPLICATIONS

Guaranteed to cut porcelain, all hard stone and all ceramic tiles.

DISC CUTTER

ANGLE GRINDER

TILE SAW

SAFETY INSTRUCTIONS

BEFORE USE

Ensure blade type and specifications, is suitable for material to be cut. Inspect blade for cracking, segment detachment, undercutting of steel centre just below segment, uneven wear or any defect. Check rotation of machine spindle matches direction arrow on blade. Ensure bore size of blade matches size of machine spindle. Wear adequate safety clothing, including eye protection. Check machine is in safe working order especially protective guards.

DURING USE

Do not apply excessive force when cutting this can damage the blade. Allow regular cooling breaks. If overheating occurs, the product being cut is too hard. A blunt blade can be resharpened by running in a soft abrasive material such as brick or block. If this problem recurs, stop using and consult your supplier. Ensure material being cut is firmly secured, frequently check blade for signs of damage (see before use) if wet cutting, ensure there is plentiful supply of water to both sides of the blade.

STANDARDS

EN13236: European standard that regulates the safety requirements for diamond cutting products.

PACKAGING

Fully recyclable card packaging.
