

Silktrim

Crafted
with care.

Made without
compromise.

Product Catalogue

The first name in MDF mouldings

As the UK's first manufacturer of primed MDF mouldings, we have been delivering market-leading products to the industry for decades. We like to think we have played a part in defining the sector. We are still as innovative and committed to delivering quality UK-made, twice primed MDF mouldings as ever, with recent investment in our state-of-the-art facility meaning we have one of the most modern and cutting-edge MDF manufacturing facilities in the UK. Setting the standards and leading the way are embedded in our nature.

We are not just part of James Donaldson Timber, the origin of the Donaldson Group. We are also a Donaldson Family company. With history going back over 163 years, we are able to draw on generations of experience to make our offering bigger, better and more appealing. As part of this ambitious and inspiring family, we have been able to expand

our understanding of the industry, build strong relationships, gain greater insights into the needs and expectations of our customers and – above all – adapt and improve what we do to better those needs. Being part of the family comes with certain expectations, but we are determined to live up to the Donaldson Group name and better meet those needs.

Why choose Silktrim?

Silktrim is crafted with precision using moisture-resistant MDF and is primed twice as a standard practice, meticulously produced within our cutting edge manufacturing facility. Every moulding in our collection proudly bears the FSC® certification, with License No. FSC-C020780, symbolising our commitment to sustainability and responsible sourcing.

More reasons to make it Silktrim

- Easy to cut and install
- Knot and defect free
- Moisture resistant
- Low maintenance
- Smooth surface for painting
- Consistent high quality
- Twice primed
- Only requires one top coat

We care, so you're covered
every step of the way

We prioritise quality in our MDF mouldings, establishing the highest standards from production to delivery. Beyond being the first to create the product, we are committed to continuous improvement, collaborating with trusted UK suppliers, investing in our team's development and enhancing our manufacturing facility. Attention to detail is paramount at every step, including careful handling and protective packaging to ensure your products arrive clean, scuff-free and ready for use.

We deeply value the principle of care as the foundation for strong relationships. Our enduring connections with customers and suppliers exemplify the trust placed in us for reliable delivery and comprehensive care. Recognising the importance of quality to you, we invest the same level of significance in our commitment. Each item we produce using our state-of-the-art manufacturing capabilities, is then handled with care during both packing and shipping. Our attention to every detail guarantees a worry-free experience when you choose us. By taking care of every little detail, every step of the way, you can be sure that when you buy from us, everything is worry-free and you know exactly what to expect.

More choice. More possibilities. More reasons to make it Silktrim.

With an extensive product library of distinctive profiles, Silktrim stands unparalleled in offering a comprehensive range of twice primed MDF mouldings in the marketplace. Our collection is meticulously curated to cater for a range of preferences and requirements, ensuring that there is a perfect fit for all projects and design vision.

The range includes:

- Architraves
- Skirtings
- Window boards
- Dado rails
- Rebated door casings
- Linings

We know what matters to you, because it matters to us

Our experience goes back over sixty years to the start of the mouldings sector and we've learned a lot along the way – that experience and expertise help us go the extra mile time and time again.

We built our reputation on delivering quality MDF mouldings, which means we don't compromise on care, quality, or craftsmanship.

Surpassing customer expectations

To meet the increasing demand for Silktrim MDF Mouldings for Door material, we are now able to offer a comprehensive range of Door Linings/Casings/Standards which can be machined to your bespoke requirements in our specialist joinery facility.

Wrapped linings and casing sets, with or without stops, can be produced to order as can pre-grooved, cut to length pieces to suit demand.

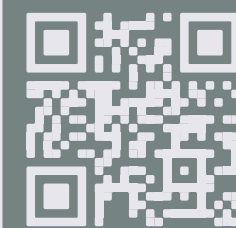

25mm and 30mm thicknesses available.

Require a touch of distinctiveness?

Presenting a core section of 40 crafted profiles, that are available in hundreds of different variations. If these do not precisely align with your requirements for your project, rest assured, as we manufacture all our products at our own facilities in the UK, this unique capability allows us to seamlessly provide bespoke profiles tailored from your specific CAD drawing, line drawing, or physical sample. With a back catalogue of over 3000 profiles we are confident we can meet your needs.
