

2K TWO SPRAYPAINT

Maston 2K Two® creates a water-, airtight and chemical resistant paint layer. In traditional 2-component solutions, the paint and hardener are mixed just before painting, so the life of the paint varies from minutes to days. Maston 2K Two® does not need to be activated by puncturing the hardener can. Thanks to the patented solution, Maston 2K Two® paint is always ready for use, as many times as necessary and has a shelf life of several years. The paint is suitable for almost any surface such as metal, aluminum, galvanized metal, copper, chrome, wood, stone, ceramics, glass, and most plastics

Product Highlights:

- Original 2K quality with revolutionary WISE 2K™ - technology
- Revolutionary long potlife: Whole product can be used with no wasted paint
- Always ready-to-use: No activation required
- Superior adhesion and chemical resistance
- Extreme anti-corrosion
- The paint is suitable for almost any surface

BINDER: Epoxy

DEGREE OF GLOSS (DIN 67530 60 °):

matt 0-25
gloss 80-100

HEAT RESISTANCE: 150°C

STORAGE STABILITY: 36 months

SIZE: 400ml

SALES QTY:

400ml: 6 pcs

USAGE INSTRUCTIONS:

NB! Before painting: shake the can upside-down for 3 minutes.
For better results make sure that sand-throughs and edges are levelled out correctly.
Spraying distance: 15-25 cm.
Clean the nozzle after painting by spraying the can upside-down for 5 seconds.
Drying times:
Touch dry appx. 3-5h
Final hardness after 14 days.
Filler / Primer sandable overnight (12h)
Overcoatable after 3-5 h.
When using the product indoors, ensure that the area within at least a 5-meter radius of the painted object is protected. Paint dust is lightweight and can spread over long distances through ventilation.

RECOAT:

always, 2-3 minutes in between layers
