Now there's a Nest thermostat for every home.

Introduce savings to your customers with the Nest Learning Thermostat and the Nest Thermostat E. Proven energy-saving features.[1] Beautiful design. They're compatible with most central heating systems, and both can be controlled from a phone.[2] Find the right thermostat for your customers with Nest.

Nest Thermostat E

Nest Learning Thermostat

Home Away/Assist
No more heating an empty home.

Remote control
Change the temperature from anywhere using the Nest app.

Voice control
Adjust the temperature with voice-activated Google Assistant.

Pro Contact
Keeps customers connected to you when they need help.

Learn more at **nest.com/eu/pro**

[1]Remote control requires working internet and Wi-Fi.
[2]Energy savings are not guaranteed and depend on energy usage, weather and other factors. Learn more at nest.com/eu/savings.

Radiator valves

Primaflow F&P's radiator valves range from the functional to the luxurious. Choose from basic **Optima** or **Crestalux** valves with rising stem or the BS 2767-10 **Optima Plus**. Primaflow F&P offers angle and straight patterns with an integral draw off option.
For energy efficiency and comfort **Primaflow TRVs** are available in straight or angle pattern with standard white or chrome plated heads.
The **PRO TRV** offers an economic alternative for contract work.
Optima towel warmer valves add a quality touch to any bathroom whether contemporary, traditional or minimalistic in style.

GEBERIT MAPRESS COPPER

Geberit Mapress Copper

Geberit Mapress can be used to fit supply systems including heating, cooling, gas and potable water. Press connection technology is fast becoming one of the top installation methods of choice for installers looking for a speedy, reliable turnaround on projects while also reducing risk on-site. Requiring no adhesives, solvents or hot works, the press fit connections can be easily rotated into tight spaces; particularly useful on retrofit projects.

Compression fittings

PC210 Series

Many of our Primaflow PC210 fittings are manufactured to BS EN1254-2 and are WRAS approved and kitemarked. Certificate number 1607050.

Kitemarked WRAS Approved

Maximum temperature	Maximum pressures for nominal diameters from 6mm up to and including 54mm
°C	**bar**
30	16
65	10
110	6
120	5

Male threads are cut to parallel or taper form as denoted by the suffix P or T respectively in the item designation. Parallel threads meet ISO 228 (formerly BS 2779). Taper threads meet EN 10226 / ISO 7 (formerly BS 21).

FloPlast WC CONNECTORS & AIR ADMITTANCE VALVES

AX110
World's FIRST External Air Admittance Valve

FloPlast
WC connectors & air admittance valves

- Removal of unsightly ventilation stack.
- Removes the need for the installer to work & handle pipe above the roof line. (Working at height and manual handling requirements).
- Reduced installation time.
- Materials cost saving - bends, pipe, vent cowl.

KM 512474 BS EN 12380:2002

Primaflow F&P

FloPlast MDPE Blue Compression System

MDPE compression fittings are manufactured to BS EN 12201.

Features

- High impact resistant body and nut which enables it to absorb thermal and mechanical stress
- The fittings have a co-polymer polypropylene body, nut & thrust ring, acetal grab ring and nitrile seal
- Excellent pressure resistance, tested to 48 bars. Comfortably exceeds the performance requirements of UK water bylaws scheme

JG Speedfit should not be used for gas, fuel oil or compressed air applications

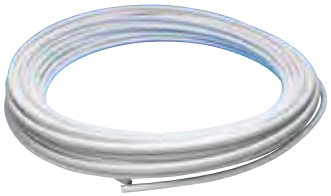

JG Speedfit PEX & Polybutylene Pipe

JG Speedfit fittings have been designed for use with both plastic and copper pipe, in diameters of 10mm to 28mm, and are approved by the Water Research Centre within the requirements of the UK Water Fittings Byelaws Scheme.

The twist and lock speedfit fittings have a collet with stainless steel teeth and an 'O' ring to provide a permanent leak-proof seal. A simple twist of a screw cap locks the pipe into position and increases the compression on the 'O' ring seal to give added security.

JG Speedfit products are fully certified by the British Board of Agreement, approved by the Water Regulations Advisory Scheme, and are kitemarked to BS7291, Parts 1 and 3.

- Mains fed and indirect cold water systems
- Vented and unvented hot water systems
- Vented central heating systems
- Sealed central heating systems provided temperatures and pressures comply with BS7291 Parts 1 and 3 Class S

British Gas accepted for water pipe in vented and sealed central heating systems

RWC
Solutions to Shape the World™
One family of brands,
one complete solution
Making lives easier is what drives us, and delivers value for our customers. It's the purpose behind every step forward we take. From inventing new water control valves in Australia, back in 1949, to launching a plumbing revolution with JG Speedfit.
Now, we're one family of brands, providing one complete solution.

Hep2O POLYBUTYLENE PIPE

Polybutylene Pipe

Hep2O flexible push fit plumbing has been developed in response to installer feedback, and has a number of unique and innovative features and benefits including;

- In4Sure joint recognition – tells you when the pipe is in.
- Secure demounting with the new HepKey system.
- New, improved SmartSleeve stays captive in the pipe.
- 50 year industry leading Guarantee.
- Flexible pipe which comes off the coil straight.

Hep2O is Kitemarked to Class S of BS 7291, parts 1 and 2 and is manufactured within a Quality Management System which satisfies BS EN ISO 9002. Hep2O is also approved by WRAS – deemed safe for use in the supply of drinking water.

Hep2O Guarantee

As a result of its rigorous Quality Management programme, Hep2O carries a 50 year guarantee against defect in materials or manufacturing of all its pipe and fittings. Prices are for individual items within a pack unless otherwise stated.

PLASSON® FITTINGS FOR MDPE PIPE

Fitting for MDPE Pipe

Plasson mechanical fittings for Polyethylene pipe have been in continuous use for over 50 years providing safe and reliable connections for water mains throughout the world. The fittings have been tested and approved by WRAS to PN16. The captive 'O'ring seal provides lifetime protection against leakage and requires hand tightening only to achieve a seal for 20mm, 25mm and 32mm MDPE.
The system is designed for connection to many pipe types and materials providing compatibility with existing systems. The fittings are made from virgin Polypropylene for immense impact strength and stress resistance.

Compression fittings for metric polyethylene pipes

Pushfit Universal. One fitting, multiple pipes. Connect PE pipe to all common metal and plastic pipes for an immediate joint.

Plasson pushfit Universal fittings have a wide tolerance and allow connections to a pipe of any pipe material in the ranges 14mm-18mm, 19mm-22mm and 24mm-28mm, so Lead, Copper, Galvanised Iron, Imperial PE (Alkathene) and other pipe materials can be accomodated in one universal fitting end, the other end accepting the metric Polyethylene.
The pushfit Universal fitting is designed to provide a secure and reliable connection to any pipe; there are no adaptors and no loose components, just fit and forget. It requires the pipe to be slipped into the fitting up to the stop, tighten the nut firmly with a wrench and that is all that is required to connect to an old pipeline.

What's in it for you?

Fit-Rite technology for easy fitting.

Polypipe understands the importance of making a job as simple as possible, thats why our new WP46 Trap has been engineered incorporating our unique Fit-Rite technology to help get the job done quickly. It's easy to fit, easy to remove and is part of the only range of traps on the market with Kitemark™ Accreditation.

- New Fit-Rite technology for simple fitting and removability
- New and improved finned seal for ease of installation
- The only traps range on the market to be Kitemarked™ Accredited
- Contains BioCote antimicrobial technology to combat odours
- Exclusively endorsed product by Help for Heroes*.

Incorporating FIT-RITE creating the perfect fit

bsi. BS 3943 KM09979

BioCote®

*79p from the sale of the WP46 Trap will be contributed to Help for Heroes Trading Limited, which Gift Aids all of its taxable profits to Help for Heroes (Registered Charity Number 1120920).

HELP *for* HEROES ENDORSED PRODUCT

Over and above, it has to be Polypipe

Polypipe

POLYPLUMB POLYBUTYLENE PLUMBING SYSTEM

PolyPlumb is our original, tried and tested, grey plumbing system. Robust and reliable, PolyPlumb has stood the test of time. PolyPlumb fittings feature a one step jointing process and a high performance stainless steel grab ring within the fitting, ensuring superb joint integrity. Use PolyPlumb with Polypipe grey polybutylene flexible pipe, or you can combine PolyPlumb fittings and copper pipe. We recommend the use of a Polypipe metal or plastic pipe stiffener when used with plastic pipe.
PolyPlumb is suitable for use in most plumbing and heating installations including hot and cold water, central and underfloor heating applications.
PolyPlumb polybutylene barrier pipe, fittings and accessories are covered by BBA Certificate No 00/36, approved by the Water Regulations Advisory Scheme for use with drinking water and are kitemarked to Class S of BS7291 Part 1 and Kitemark Licence Number 38148 to BS7291 Part 1 & 2.

Talbot *Pushfit* FITTINGS FOR MDPE PIPE

Fittings for MDPE Pipe

The Talbot Pushfit joint is a tried and tested method of jointing low, medium and high density polyethylene water pipe from, 16mm to 180mm and their imperial equivalents.
The fitting is quick and easy to use with no nuts to leave undone - simply push the pipe into the joint.
The joint's grip and seal on the pipe increases with water pressure and tensile load which means that the pipe will burst or neck before the joint fails.
Using a common body and only two sets of interchangeable components, Talbot Pushfit will connect to metric PE pipes and their imperial equivalents.

Flexible connectors – soil & waste

For the renovation of liquid waste drainage in private houses and blocks of flats. Resists pressure of 1 bar (equals 10m high column of water). 5 year guarantee.

CODE	SIZE	LIST PRICE
Magicflex® - Flexible Soil Pipe Connector		PG. PU
• Solvent weld • Length: 484mm • 5 year guarantee		
620 35 196	4"	**40.72**

The Jollyflex pan connector can adapt to almost all situations. Spigot can be solvent welded, pipe in pipe or pushed directly into a branch. Smooth inner wall for optimum flow.

CODE	SIZE	LIST PRICE
Jollyflex Flexible WC Connector		PG. PU
• The Jollyflex flexible pan connector provides a compressible solution • Drain connector: solvent weld Ø103/Ø106/Ø110 • Smooth inner wall for optimum flow		
620 35 164	280 - 420mm	**30.40**

Adapts to all types of toilet pans with outlet diameters of between 80mm & 105mm. Connecting diameter 104 to 110mm with fins & 93/100/110mm solvent weld. Perfect for tricky installations.

CODE	SIZE	LIST PRICE
Jollyflex Extendable WC Connector		PG. PU
• A Flexible and extendable solution - perfect for tricky installations. • Universal drain connector: push fit Ø104/Ø110, solvent weld Ø93/Ø100/Ø110 • Smooth inner wall for optimum flow		
620 35 156	260 - 650mm	**23.49**

Both sizes feature a female nut on each end (which would fit a waste) and can be formed into any shape or trap to overcome almost any problem. Due to the unique design and flexibility holds all shapes formed without the need for clips or brackets.

CODE	SIZE	LIST PRICE
Extendable Waste Connector		PG. PU
Extendable waste connector which can be formed into any shape or trap to overcome almost any problem.

SEMI RIGID GAS PIPE

TracPipe
Flexible Gas Piping by OmegaFlex®

- New generation stainless steel semi rigid gas pipe
- Allow long "joint free" lengths from gas meter to appliance
- Ugrades supply line to DN22/28/32
- Suitable for installations up to 500 mbar
- Durable, lightweight & bendable by hand
- Easy to install with no threading or flames
- Patented Autoflare® fittings integrate to traditional materials

Replacing a gas boiler has never been easier!

FASTER • EASIER • SAFER

OIL PIPE & FITTINGS

QPL

- Impervious to concrete
- 50m and 100m coils mean no buried joints.
- Can be stored in the open as it is UV stabilised
- OFTEC approved (Licence No. 2064099901)
- Resistant to freeze bursting – the pipe is tested and rated down to -30°C
- 25 year guarantee subject to maximum service conditions of: 10 bar at 20°C 5 bar at 50°C

CODE	SIZE	LIST PRICE
Qual-Oil Pipe		PG. 0
410 10 009	10mm x 50m	**114.15**
410 10 026	10mm x 100m	**228.34**

ARCTIC PRODUCTS

Arctic

Arctic spray
Isolates pipework for repairs. No draining down and no mains shutdown. The process is simple to apply, and takes about 5-7 minutes to work including injection time. Lasts for over 35 minutes.

Freezing jacket
Used in conjunction with the freeze spray to isolate the specific area to be worked on.

500 10 504	400g	24	**7.88**

ADDITIVES, FLUXES & SEALANTS

Suitable for the soft soldering of copper, galvanised iron, steel, tin, mild steel, terne plate, zinc, nickel, silver and sheet lead. Non-acid and non-toxic. British Gas Board approved. WRC listed.

CODE	DESCRIPTION	PACK QTY	LIST PRICE
La-Co Flux			PG. G
500 20 219	60g	48	**5.61**
500 20 210	125g	24	**9.79**
500 20 213	125g with brush	24	**10.73**
500 20 216	475g	24	**24.89**

Contains graded Teflon and other PTFE particles, will not dry or harden, enables easy disassembly. Contains no solvents or water, brushes easily on oily, wet or cold threads, easy clean-up and will not stain. WRC listed.

CODE	DESCRIPTION	PACK QTY	LIST PRICE
La-Co Slictite Threading Compound			PG. G
500 20 355	120ml	24	**18.48**
500 20 361	240ml	24	**31.01**
500 20 367	475ml	24	**50.04**

La-Co Cool Gel
Helps prevent heat damage to components and surrounding materials during soldering, brazing and welding. Unique gelled formula sticks to surfaces without dripping or running off. Harmless to skin and is odourless and non-toxic.

Alert gas leak detector
A non-toxic, non-corrosive gas leak detector, that is safe for oxygen service. Temperature range: 0ºC to 93ºC.

CODE	DESCRIPTION	PACK QTY	LIST PRICE
La-Co Miscellaneous			PG. G
500 20 300	La-Co Cool Gel 947ml	12	**43.60**

Everad inhibitor
Prevents rust, scale, electrolytic corrosion and bacteria in central heating installations. Long life protection. Non-acidic.

Everad descaler
Modern, safe, organic formulation provides a combined gentle descaler with active sludge removing properties.

CODE	DESCRIPTION	PACK QTY	LIST PRICE
Everad Central Heating Additives			PG. G
500 30 200	Inhibitor 500ml	12	**14.80**
500 30 203	Descaler 1 litre	12	**17.52**

Soluable in hot and cold water. A non-stick formula allows total joint slip. Ideal for use with leaded and unleaded solder. UK WFBS listed.

CODE	DESCRIPTION	PACK QTY	LIST PRICE
Everflux			PG. G
500 30 101	80ml	100	**10.28**
500 30 100	250ml	36	**21.31**

A jointing compound that is an easy to apply lubricant for threads and pipes. Produces water, gas and oil tight seals in pipe joints.

CODE	DESCRIPTION	PACK QTY	LIST PRICE
Everwhite Jointing Compound			PG. G
500 30 150	400g	27	**9.19**

Will quickly disslove all organic obstructions. Environmentally friendly. 100% bio-degradeable. Septic tank friendly. Corrosive.

CODE	DESCRIPTION	PACK QTY	LIST PRICE
Dambuster Drain Cleaner			PG. G
500 30 350	1 litre	9	**25.52**

A general purpose treatment for total protection against scale, corrosion and bacteria growth in all types of central heating systems including those containing aluminium. Non acidic and non caustic prevents boiler noise, pinholing and microbiological growth. No need to replace unless system drained down.

CODE	DESCRIPTION	PACK QTY	LIST PRICE
Inhibitor X100			PG. G
500 15 101	1 litre	12	**25.13**
500 15 111	Concentrate 280ml	12	**37.23**
500 15 203	Rapid dose 400ml	12	**30.21**

A unique long life system treatment for elimination of limescale and boiler noise. Safe to use in all types of indirect heating systems. Safe and non corrosive restores boiler efficiency, eliminates 'kettling'. A much faster, simpler method of de-scaling, no need to flush stays in the system.

CODE	DESCRIPTION	PACK QTY	LIST PRICE
Noise Reducer X200			PG. G
500 15 110	1 litre	12	**21.29**

Efficient way to eliminate build up of magnetic sludge, X400 is the quick and easy way to eliminate cold spots and restore full heat emission. Restores circulation to part blocked radiators and can be used in all systems. Does not cause pin-holing or leaks.

CODE	DESCRIPTION	PACK QTY	LIST PRICE
Sludge Remover X400			PG. G
500 15 125	1 litre	12	**25.36**
500 15 128	Concentrate 280ml	12	**30.35**

Flushes out flux and installation debris from new central heating systems. An essential vaccination against scale, sludge and bacteria. A powerful, heavy duty cleaning action, eliminates flux residue. Prevents copper deposits being left in system and is ideal preparation for X100.

CODE	DESCRIPTION	PACK QTY	LIST PRICE
Universal Cleanser X300			PG. G
500 15 119	1 litre	12	**27.51**

Added into the system, is ideal when weeping joints and small leaks don't warrant immediate repair.

CODE	DESCRIPTION	PACK QTY	LIST PRICE
Leak Sealer			PG. G
500 15 230	Rapid dose 400ml	12	**27.48**

Added into the system, is ideal when weeping joints and small leaks don't warrant immediate repair.

CODE	DESCRIPTION	PACK QTY	LIST PRICE
Inhibited Antifreeze X500			PG. G
500 15 107	5 litre	4	**50.42**

ADDITIVES, FLUXES & SEALANTS

CODE	DESCRIPTION	PACK QTY	LIST PRICE
Scalemaster Heating Additives			PG. G
500 90 102	SM-1 inhibitor - 500ml	10	**8.42**
500 90 109	SM-2 descaler - 500ml	10	**8.42**
500 90 116	SM-3 cleanser - 500ml	10	**8.64**
500 90 123	SM-4 sludge remover - 500ml	10	**8.42**

A general purpose soldering flux for copper pipe work, brass, mild steel and other metals. Telux is soft and easy to apply in a thin film (capillary joints on pipework). Not for use on aluminium or stainless steel.

CODE	DESCRIPTION	PACK QTY	LIST PRICE
Telux Flux			PG. G
500 45 150	50g	50	**4.01**
500 45 157	250g	20	**11.13**
500 45 162	450g	10	**15.30**

For installation and repair work on all types of fireplaces, slow burning stoves and boilers. Sealing flue pipe joints and mica windows etc. Tested to 1250ºC.

CODE	DESCRIPTION	PACK QTY	LIST PRICE
Temcem Fire Cement			PG. G
500 45 104	1/2kg	27	**4.67**
500 45 106	1kg	12	**7.01**
500 45 115	Black 1kg	12	**8.66**

Specially formulated for use on a variety of metals.
Can be used when turning, milling, drilling, thread cutting and hacksawing with either hand or power tools.

CODE	DESCRIPTION	PACK QTY	LIST PRICE
Temaxol			PG. G
500 45 125	Cutting compound 450g	24	**13.86**

For sealing around sanitary fittings including baths, sinks, urinals and ceramic tile joints. Conforms to ISO11600 F-20HM.

CODE	DESCRIPTION	PACK QTY	LIST PRICE
Sanitaryware Sealant 310ml			PG. G
500 70 009	Black - 781	12	**7.28**

500 99 287	Leak sealer - 1 litre	12	**11.22**
500 99 308	Inhibited anti-freeze - 5 litre	3	**39.99**

ADDITIVES, FLUXES & SEALANTS

Inhibitor
- Prevents corrosion and limescale
- For use in accordance with BS7593:2006

Noise Reducer
- Reduces boiler noise
- Improves heating efficiency

Leak Sealer
- Seals small and inaccessible leaks
- Reduces pressure losses
- Does not block pumps, valves and vents

Cleaner
- Removes sludge and debris
- For use in accordance with BS7593:2006

CODE	DESCRIPTION	PACK QTY	LIST PRICE

Primaflow HE pump warranty

Primaflow pumps are guaranteed for a period of 2 years from the date of installation subject to the return of a fully completed warranty card within 15 days of installation date.
If the warranty card is not returned promptly the warranty will expire 2 years from the date of manufacture.
The warranty is void in cases of incorrect installation, physical damage or other abuse.
Full warranty details available on request.

Technical specifications

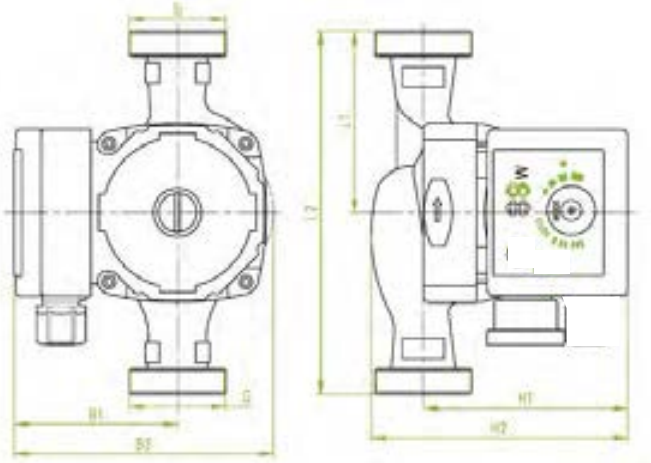

Voltage	230V +6% / -10%, 50Hz, PE	
Protection	No external protection	
Protection grade	IP42	
Insulation class	H	
Air humidity	Max 95%	
System pressure	1.0 Mpa	
Inlet pressure	Liquid temp	Min pressure at Inlet
	<75°C	0.05 MPa
	<90°C	0.025 MPa
	<110°C	0.108 MPa
EMC standard	EN61000-6-1 and EN61000-6-3	
Acoustic level	<42dB (A)	
Ambient temperature	0°C to 40°C	
Temperature grade	TF110	
Surface temperature	<125°C	
Liquid temperature	2°C to 110°C	

In order to prevent condensation inside the control box and stator it is recommended the water being pumped is always at higher temperature than the ambient temperature.

Ambient temperature (°C)	Minimum pumped temp (°C)	Maximum pumped temp (°C)
0	2	110
10	10	110
20	20	110
30	30	110
35	35	90
40	40	70

It is recommended that the water in domestic hot water systems is kept below 65°C to reduce the risk of scalding.

Dimensions (in millimetres)

Model	L1	L2	B1	B2	H1	H2	G
HE-5	65	130	82	130	103	130	1.1/2”
HE-6	65	130	82	130	103	130	1.1/2”
HE-V	65	130	82	130	103	130	1.1/2”

- For domestic and semi commercial applications
- Maximum inlet pressure 16 bar
- Maximum working temperature 65°C
- Outlet adjustment range 1 – 6 bar
- WRAS approved
- Reduces system noise by regulating pressure between flow and return pipes

VENTILATION

254 Manrose

259 Stadium

WE SIMPLY DELIVER MORE.

MANROSE® FAN EQUIPMENT

Manrose are a well established UK manufacturer of ventilation and fan equipment with products to offer a solution to all of your requirements.

- Axial fans are designed to move air over short distances i.e. window fixing or through mounting and are not suitable for ducting over 2m in length.
- Centrifugal fans are designed to move air over longer distances and will perform against pressure caused by long lengths of ducting and resistance by grilles.
- A range of humidistat controlled fans are available and these are designed to monitor humidity and switch on as appropriate.
- All Manrose fans come with a 2 year no quibble guarantee (for advice and suitability for installation please call their technical helpdesk on 01753 691 399.
- Designed to comply with the Building Regulations on Ventilation (F1)
- All fans are manufactured using high ABS thermoplastics for strength, durability and easy cleaning.
- Quiet and efficient.

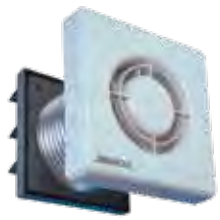

All Manrose fans come packaged for easy hanging and display (unless stated otherwise).

Retail packed fans

Extraction rate 86cu metres per hour (assumes Fan installed with Wall Fixing Kit)

Features of Domus duct systems.

- Flat channels are manufactured with high quality tooling to exacting tolerances ensuring uniform shape and an engineered fit enhancing system performance.
- Lightweight with simple push fit connections for ease of installation.
- Wide range and unique products ensure that the quickest, most efficient and cost effective solution can be achieved.
- Products are independently tested by BSRIA for air flow performance.
- Wall outlets made with UV-stabilised materials which reduce colour fade.

STADIUM VENTILATION

Stadium Ventilation is the UK market leader for ventilation products used with heating appliances. Stadium pioneered the design of ventilators which can be installed using core drills, saving time and money. The Black Hole design is the most popular within an extensive range. Stadium Ventilation is a trusted name and its products are widely specified by local authorities, housing associations and gas appliance installers.

TROJAN CAST INCREDIBLY STRONG REINFORCED BATHS

Incredibly strong reinforced acrylic baths

Insulating Properties
'Flow coat' jacket covers the entire underside of the bath adding real strength and insulating properties. This keeps your bath water hotter for longer.

Intensive Reinforcement
Trojancast is an intensive reinforcement process resulting in each bath being incredibly strong and hard-wearing.

Reminiscent Assurance
Trojancast gives you the reminiscent assurance of an old cast iron bath but with the natural warmth and quality our acrylic baths have.

See page 286 for our range of bath screens

These products are available on an extended lead time

SECURESEAL • BATHSCREENS

SecureSeal by MERLYN

The SecureSeal by Merlyn has been designed with a leak free sealing arm which extends from the profile to create a complete seal between the bath and screen. When not is use, the arm simply folds away back into the profile.

INTRODUCTION TO MIRA SHOWERS

Mira is Britain's No.1 choice for the professional shower installer. With great availability across the showers range, products that are easy to install, unbeatable performance, proven reliability and after-sales support that's second to none it's no wonder Mira is the installers' favourite!

MIRA DIGITAL SHOWERS & BATH FILL

Mira digital showers and bath fillers feature separate mixer units and controls. This means you can mount the mixer unit away from the shower or bath, offering easy access for servicing.

MIRA MODE DIGITAL SHOWER Pg 111

Minimalist digital shower that's easy to fit

- Separate digital mixer can be hidden away
- Thermostatic temperature stability
- All systems – high pressure or pumped valves

MIRA FLIGHT TRAYS

Lighter, stronger, easier to fit.

Mira Flight trays are made from strong acrylic-capped resin stone for a far tougher product. Still as easy to fit and incredibly strong as ever, 90mm Mira Flight trays now come in a sleek smooth finish that is scratch, chip and discoloration resistant. They also feature BioCote® to reduce bacteria and mould growth by up to 99.9%.

STOP THE WASTE

Cistermiser is the byword for urinal flushing controls and our range features infrared and hydraulic valves, specifically designed to reduce water consumption

IRC® Valve
Electronic urinal control valve that utilises motion sensing infrared

(Model: IRC2) WRAS

Hydraulic Valve
Hydraulic control valve that prevents water waste in auto-flush urinal cisterns

(Models: STD and LP) WRAS

Our market-leading urinal flushing valves are manufactured in the UK to an unrivalled build quality. Fit the original and best, to help clients...

Note: If additional elbows to those supplied in the High Level Flue Outlet kit are used, deduct the following resistances (metres) from the maximum boiler flue length.

Logic Combi, Logic+ Combi, Vogue Combi, Logic System, Logic+ System, Vogue System, Logic Heat, Logic+ Heat, Logic Code Combi, Independent Combi, Independent+ & Independent System
90° elbow -1.4 45° elbow -1.25

These easy to install kits allow the boiler flue outlet to be extended, external to the building, upwards to provide a flue exit at high level, overcoming problems associated with plume emission.

An external 60mm diameter flue leads from the boiler terminal (simply replacing the standard flue terminal 'nose') to terminate with a 90° elbow complete with grille. Push fit one metre extension pipes are used as required, and the fixing clips supplied support the system from the wall. Both 90° and 45° elbows are available to provide routing options.

Primaflow F&P

High efficiency flue accessories

ecoTEC pro, ecoTEC plus, ecoTEC exclusive, Green iQ and ecoFIT pure boiler range

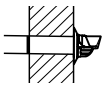

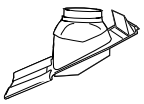

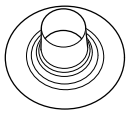

Vaillant offer 100mm diameter standard air/flue duct assemblies, compatible with all Vaillant boiler ranges.

A *125mm flue system is also available where longer flue lengths are required.

Examples of flue options

Flue accessories

Maximum flue lengths*	ecoFIT pure combi	ecoFIT pure system	ecoFIT pure open vent
Boiler model	825/830/835	612/615/618/625/630	412/415/418/425/430/435
Standard horizontal 100mm diameter	10m		
Standard vertical 100mm diameter	25m		
Optional horizontal 125mm diameter	10m		
Optional vertical 125mm diameter	25m		

*Measured to the end of the horizontal/vertical air terminal
1 Maximum length of flue is reduced by 1.0m for each additional 87° elbow and by 0.5m for each additional 45° elbow
2 Optional boiler flue outlet adaptor (accessory 303926) will be required for ecoTEC plus 412, 415, 418, 428 and 438. However for all new ecoTEC 612, 615, 618, 624, 630, 637 and ecoTEC plus 825, 832, 838, 938, ecoTEC pro 25, 28 and 30, you will need the new 80/125mm plug in adaptor to increase the boilers' flue connection size. Maximum length of flue is reduced by 2.5m for each additional 87/90° elbow and by 1.0m for each additional 45° elbow

Optional Variable Termination Kit (VTK)

(For use with 100mm diameter high efficiency condensing flue system only). Allows plume vapour to be re-directed away from neighbouring properties. Kit fitted in place of removable flue terminal.

Examples of flue applications

	DESCRIPTION	F & P Code	PART No. (60/100 mm)
1	Boiler flue connection		
2	Balanced flue external wall connection (inc. wall bezels)	112510	7441467
3	Protective grille	112593	7337276
4	Balanced flue extension pipe		
	1.95 m long	112514	7373225
	1 m long	112513	7373224
	0.5 m long	112512	7373223
5	Balanced flue bend		
	87°	112586	7373226
	2 x 45°	112516	7373227
6	Horizontal flue terminal kit		
	(flue terminal 1 m, 2 x wall seals, 87° balanced flue bend	112510	7441467
7	Fixing clamp	112581	7176762
8	Balanced flue inspection tee 87°		
	or		
	Balanced flue inspection bend 87°		7373229
9	Balanced flue sliding coupling (optional)		7373236
10	Wall bezel		7176760
11	Balanced flue inspection piece straight (optional)		7373228
	External wall pack		
5	with Balanced flue bend 87° (7373226)		
12	Balanced flue air intake		7373234
13	Balanced flue outlet (with a high roof overhang above the roof)		
	Black	112580	7373230
	Terracotta		7373231
14	Universal roof tile		
	Lead free flashing black	112646	7452499
	Lead free flashing terracotta	112491	7452500
15	External wall terminal (for a short roof overhang)		7167753

Routing over an external wall

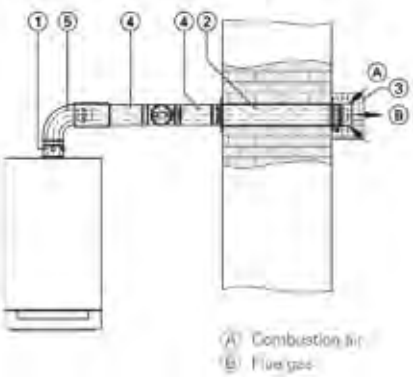

Ⓐ Flue gas
Ⓑ Combustion air
Ⓒ Step in the external wall routing for a short roof overhang

Vertical terminal for sloping or flat roofs

Ⓐ Ventilation air
Ⓑ Flue gas
Ⓒ min. 400 mm

Horizontal wall terminal

Ⓐ Combustion air
Ⓑ Flue gas

WORCESTER

BOSCH

THE BEAST HAS ARRIVED AND IT'S BEAUTIFUL

INTRODUCING THE GREENSTAR 8000 LIFESTYLE RANGE

CHOICE AND DESIGN
Available in black and white for combi and system boilers. Silver flues are also available.

POWER
Outputs up to 50kW for combi and regular models. Max flue lengths up to 17m when run horizontally*.

CONNECTIVITY
Industry first 'RF Key' links the boiler with our new wireless Bosch EasyControl.

INTELLIGENT FILLING SYSTEM
Our new accessory can eliminate the need for your customer to manually refill the boiler.

Model shown Greenstar 8000 Style
* 60/100 for our 30kW variant.

Wall-hung boilers – flue components

100MM DIAMETER		
	7 716 191 082	Standard telescopic flue & terminal (350 - 570mm)
	7 738 112 869	Silver standard telescopic flue & terminal (350 - 570mm)
	7 716 191 171	Long telescopic flue kit (570 - 790mm)
	7 719 002 430	Vertical 1,090mm BF kit (inc. adaptor)
	7 716 191 083	Extension flue kit (960mm)
	7 738 112 871	Silver extension flue kit (960mm)
	7 716 191 172	2m flue extension
	7 716 191 133	Short flue extension (220mm)
	7 738 112 873	Silver short flue extension (220mm)
	7 716 191 084	90° flue bend
	7 738 112 874	Silver 90° flue bend
	7 716 191 085	45° flue bend x 2
	7 738 112 875	Silver 45° flue bend
	7 719 002 432	High level horizontal flue adaptor
	7 733 600 048*	High level horizontal telescopic flue kit
	7 716 191 177	Support bracket kit
	7 738 112 876	Silver support bracket kit
	7 716 191 178	Support bracket kit (6 pack)
	7 716 191 090	Flashing – flat roof
	7 716 191 091	Flashing – pitched roof
	7 716 191 086	Plume management kit (60mm dia.)

*For use with high level horizontal flue adaptor.

125MM DIAMETER		
	7 719 003 702	Standard telescopic flue & terminal (405 - 600mm)
	7 719 002 431	Vertical 1,365mm BF kit (inc. adaptor)
	7 719 003 666	Extension flue kit (960mm)
	7 719 003 664	90° flue bend
	7 719 003 665	45° flue bend
	7 719 002 433	High level horizontal flue adaptor
	7 716 191 179	Support bracket kit
	7 716 191 090	Flashing – flat roof
	7 716 191 091	Flashing – pitched roof

Floor-standing boilers – flue components

100MM DIAMETER		
	7 716 191 155	Standard telescopic flue kit (310 - 530mm)
	7 716 191 156	Vertical 1,140mm BF kit (inc. adaptor)
	7 716 191 083	Extension flue kit (960mm)
	7 716 191 172	2m flue extension
	7 716 191 133	Short flue extension (220mm)
	7 716 191 084	90° flue bend
	7 716 191 085	45° flue bend
	7 716 191 164	Vertical flue adaptor
	7 733 600 048*	High level horizontal telescopic flue kit
	7 716 191 177	Support bracket kit
	7 716 191 178	Support bracket kit (6 pack)
	7 716 191 090	Flashing – flat roof
	7 716 191 091	Flashing – pitched roof
	7 716 191 086	Plume management kit (60mm dia.)

*For use with high level horizontal flue adaptor and flue adaptor part number 8 718 682 324 0. Also requires a flue clamp fitting part number 8 716 116 815.

125MM DIAMETER		
	7 716 191 157	Standard horizontal flue kit (965mm)
	7 716 191 158	Vertical 1,365mm BF kit (inc. adaptor)
	7 719 003 666	Extension flue kit (960mm)
	7 719 003 664	90° flue bend
	7 719 003 665	45° flue bend
	7 716 191 165	Vertical flue adaptor
	7 716 191 179	Support bracket kit
	7 716 191 090	Flashing – flat roof
	7 716 191 091	Flashing – pitched roof
	7 716 191 159	80mm flexible flue system (12m) – suitable for Greenstar FS CDi Regular range only

Plume management

Condensfit II™ plume management system

Part numbers

60mm dia. plume management kit

Comprises:
1 x terminal bend
1 x extension 500mm
1 x outlet assembly
1 x clamp pack

7 716 191 086

Accessories

COMPONENTS	PART NO.	DESCRIPTION
60MM DIAMETER		
	7 716 191 086	Plume management kit (60mm dia.)
	7 716 191 087	Extension (1,000mm) kit
	7 716 191 088	90º Bend
	7 716 191 089	45º Bend (pair)
	7 716 191 176	Plume management terminal guard round
	8 716 111 2750	Plume management clamp

For every 90º plume management kit bend deduct 1,500mm and 750mm for every 45º plume management kit bend.

CONCENTRIC FLUE OPTIONS (C TYPE)

HORIZONTAL WALL FLUE KIT.

EVOMAX HORIZONTAL CONCENTRIC FLUE APPLICATION ~ MAXIMUM LENGTHS AND PRESSURE DIFFERENTIALS						
Model	30/30P	40/40P	60/60P	80/80P	100	120
Max flue length (m)	42	42	7.5	12	14.3	17.6
Flue Size	80/125				100/150	
Wall flue kit No	213267				213269	

CONTENTS

- Boiler adapter + screws (x6)
- 90° elbow
- Terminal
- Locking collars (x2)
- Wall plates (x2)

EVOMAX 60 & 80 HORIZONTAL CONCENTRIC FLUES OF LONGER LENGTHS (LARGER FLUE DIAMETER)		
Model	60/60P	80/80P
Max flue length (m)	30	35
Flue Size	100/150	
Wall flue kit No	213268	

CONTENTS

- Boiler adapter + screws (x6)
- Increaser
- 90° elbow
- Terminal
- Locking collars (x2)
- Wall plates (x2)

VERTICAL ROOF FLUE KIT.

EVOMAX VERTICAL CONCENTRIC FLUE APPLICATION ~ MAXIMUM LENGTHS AND PRESSURE DIFFERENTIALS							
Model	30/30P	40/40P	60/60P	80/80P	100	120	150
Max flue length (m)	42	42	7.5	12	14.3	17.6	7.5
Flue Size	80/125				100/150		
Wall flue kit No	213264				213266		

CONTENTS

- Boiler adapter + screws (x6)
- Terminal
- Locking Collar
- Finishing plates (x2)
- Bracket

EVOMAX 60 & 80 VERTICAL CONCENTRIC FLUES OF LONGER LENGTH		
Model	60/60P	80/80P
Max flue length (m)	30	35
Flue Size	100/150	
Wall flue kit No	213265	

CONTENTS

- Boiler adapter + screws (x6)
- Increaser
- Terminal
- Locking Collars (x2)
- Finishing plates (x2)
- Bracket

OPEN FLUE OPTIONS (B TYPE)

COMPACT RADIATORS

Prorad Compact Radiators

High efficiency and high output

Outputs
BTU / Watts calculated at Delta T 50 based on mean temperature of 70° Celsius (75-65-20)

Manufactured to BS EN 442
Licence No KM 266 98

TEN YEAR WARRANTY

Heavy duty packaging
Corner and edge cartons plus generous bubble wrap designed to protect from damage during transportation and installation.

Slim Design
For ease of siting.

Factory fitted grills and end panels
For solid construction and improved appearance.

All accessories included
Air vent, blanking plug, 4 wall plugs, 4 screws and 4 plastic protectors for brackets - for quick and simple mounting.

professional heating and plumbing products

Honeywell EvoHome ATP921R3100

A new chapter in programmable thermostats.

PROUD TO BE PROFESSIONALLY INSTALLED

Introducing the T4 Series.

The CM900 has been the installers' preferred choice for years. But things have moved on ... The good news is that the more intelligent Honeywell Home T4 Series shares the same DNA as the CM900 with load compensation & optimisation features, plus:

- It has 1 and 7 day scheduling built in
- It has a larger screen, making it easier to read
- It's easy to wire with a new wiring centre designed for installers
- It's simple to programme with an intuitive interface
- It has OpenTherm capability built in
- Ideal for any system, any boiler

For more information about the intelligent T4 Series, please visit: **heatingcontrols.honeywellhome.com**

Thermostats from SALUS

RT310i Internet Thermostat
An affordable, easy to use Smartphone controlled thermostat, for single zone heating solutions.

iT500 Internet Thermostat
A mid-range Smartphone controlled thermostat with three heating configurations.

Smart Home Base Pack
An introduction to our premium range Smart Home system. This pack controls one heating zone but can be easily expanded to a multi-zone system with the addition of zoning packs.

RT520
The RT520 and RT520RF are the latest additions to the SALUS tried and tested RT range of thermostat heating controls. They offer the most cost effective fully compliant Boiler Plus solution on the market.

PART OF OUR Display & Demonstrate COLLECTION

Dimplex Cellini Opti-V®

DIMPLEX APPROVED SHOWROOMS

We appreciate that choosing a new fire can be an important decision, which is why we want customers to be able to see a variety of fires and actually touch, try and see the realism of the flame effect for themselves.

To give customers every confidence that they are buying the right fire, the **Dimplex Display and Demonstrate Approved network** has been created, which is available across the UK for approved retailers.

Dimplex Centres have a **minimum of four fires** on display including at least one from the Opti-myst range.

Dimplex CentrePlus retailers have a **minimum of seven fires** on display including at least three from the Opti-myst range.

The Display and Demonstrate range is only available for viewing, demonstration and purchase from approved retailers with showroom premises. Retailers' details for approved Dimplex Display and Demonstrate outlets are available on the Dimplex website.

Valor Excelsior Dimension Inset Gas Fire

VALOR APPROVED SHOWROOMS

Choosing the right new fire for a customer and getting the right advice is important which is why we want customers to be able to see a variety of fires and actually touch, try and see the realism of the flame effect for themselves.

To give customers every confidence that they're buying the right fire, the **Valor Centre Approved Network** has been created and is available across the UK for approved retailers.

Valor Centres have a **minimum of three** fires on display, and **Valor Centre+** retailers have **five fires on display**, including at least one model from the Inspire Collection.

Only **Valor Centres** that display one of the impressive **Inspire Collection** gas fires are able to sell the Inspire range to customers.

The

INSPIRE

COLLECTION

Inspire 1000 Fireslide with edge trim in anthracite, mirrored glass liner and oak logs

Valor Inspire Range

The Inspire Collection is exclusively available only through the **Valor Centre network** and only to approved retailers. The collection offers a choice of **five** high quality gas fires which all bring a touch of luxury into customer's living rooms. Customers can choose from **Inspire 400, 500, 600, 800 and 1000 models**, each with a wide range of design options, innovations, performance features and easy installation and servicing.

The 500, 600 800 and 1000 models are each available with a choice of liners, logs and trim effect. Available with two fuel beds, five ceramic back liners and two trim designs, each in a choice of four colours.

The 500, 600 and 800 models also come with a choice of two suites for each model. Inspire gas fires from Valor can even be purchased with a frameless kit which requires no trim.

The 400 is the first inset model in the Inspire range, offering a choice of three back liners, two trims each available in three sided or four sided designs as well as a choice of three luxurious suites.

For the ultimate in convenience all fires in the Inspire collection also come with Valor's unique Fireslide control, a first of its kind for premium gas fires. Plus the 500, 600, 800 and 1000 models are also support the option for an advanced remote control which offer a wider host of features.

Sale Terms:
Primaflow F&P

September 2015

Your attention is in particular drawn to terms 4 and 9.

If you are a consumer (as defined by the Consumer Transactions (Restrictions on Statements) Order 1976) we recognise that you may have additional rights under statute if we fail to carry out our obligations to you and for the return of defective goods and confirm your statutory rights are not affected by these terms.

1. Definitions and Interpretations

1.1 In these terms "we" or "us" means the member company of the Travis Perkins Plc Group specified in the contract for the sale of goods and/or services to you; "you" means the person, firm or company who purchases the goods and/ or services from us; and "our" and "your" shall be construed accordingly and "contract" means any order which has been accepted by us

1.2 References to any statutory provision shall include (i) any subordinate legislation made under it (ii) any provision which it has modified or re-enacted and (iii) any provision which subsequently supersedes it or re-enacts it.

2. Application of Terms

2.1 These terms apply to all sales of goods and/or services by us to the exclusion of all other terms (including any which you purport to apply) unless expressly agreed in writing in advance by one of our Directors.

2.2 Each order or acceptance of a quotation for goods and/or services by you shall be deemed to be an offer by you to buy goods and/or services subject to these terms. No order or acceptance of a quotation by you shall be deemed to be accepted by us until written confirmation of order is issued by us or (if earlier) we begin to process your order. We shall be entitled to withdraw any quotation at any time (whether or not already accepted by you).

2.3 You acknowledge that you have not relied on any statement or representation made or given on our behalf. Any estimate of quantities needed, advice as to the suitability of any goods for a particular purpose and any plan or measurement given by us is given for guidance only (based on your information) and without liability on our part. No allowance is made by us for additional materials, wastage or installation. You must satisfy yourself that all goods and/ or services ordered are correct.

2.4 Any typographical error or clerical omission in any sales literature, quotation, price list or other document issued by us may be corrected without liability on our part.

3. Description of Goods

3.1 The quantity and description of the goods are set out in our quotation or confirmation of order. We may supply goods in either metric or imperial sizes in the nearest equivalent measure and goods may be charged in metric allowing for conversion.

3.2 All samples, drawings, descriptive matter, specifications and advertising are issued or published for the sole purpose of giving an approximate idea of the described goods. They shall not form part of the contract and this is not a sale by sample. Each order shall be considered a separate order and we are unable to guarantee that further orders for the same goods will match the previous order.

3.3 Where fine or special tolerances are required in the goods supplied beyond those generally accepted in the building trade, no liability shall attach to us unless such tolerances are notified in writing to us at the time of order and we have acknowledged in writing that we are prepared to accept such order.

4. Delivery of Goods

4.1 Unless otherwise agreed by us, delivery of the goods shall take place at our place of business. Delivery shall occur when you take possession of the goods at our premises or (where we agree to deliver) when the goods are ready for unloading at the delivery address

4.2 Any dates and times we specify for delivery of the goods are an estimate. We shall not be liable to you if we do not deliver on or at any particular date or time. Time for delivery shall not be made of the essence by notice.

4.3 If you fail to accept delivery of any goods when they are ready for delivery, or we are unable to deliver the goods because you have not provided appropriate instructions, documents or consents, we shall be entitled to immediate full payment and risk in the goods shall pass to you. We may store such goods until delivery and you shall be liable for all related costs and expenses arising from such non delivery including transport and storage costs. If you fail to accept delivery of the goods within 6 months of the date of contract, we may sell or dispose of those goods (whether or not you have paid for them). Storage or disposal costs shall be recoverable from you. Any net proceeds of any sale shall be held on trust for you

4.4 We will deliver to site provided that there is a suitable road to the point where delivery is requested. If no such road exists, delivery will be made to the nearest point at which, in the driver's opinion, the vehicle can safely and lawfully unload. Except where we use a vehicle-mounted crane/ fork truck, you shall be responsible for safely and lawfully unloading the goods and shall provide all necessary labour and equipment. We may charge you an additional fee if you delay in taking delivery of the goods when tendered. If any goods, packaging or container has been delivered and deposited, whether on the public highway or elsewhere, you shall be responsible for all steps that need to be taken for the protection of persons or property in relation to such goods, packaging or containers and shall indemnify us in respect of all or any costs, claims, losses or expenses which we may incur as a result of such delivery.

4.5 We shall not be liable for any shortages in quantity delivered unless you give written notice to us of such shortages within two working days of delivery. In any event our liability shall be limited to making good the shortfall or (at our option) issuing a credit note or refund at the pro rata contract rate against any invoice raised for such goods.

4.6 We may deliver the goods by separate instalments. Each instalment shall be a separate contract and cancellation or termination of one instalment shall not entitle you to cancel any other instalment.

4.7 Any query about delivery shall be made as soon as possible and in any event within twenty eight days of the date when the goods would in the ordinary course of events have been delivered else the goods shall be deemed to have been delivered in accordance with the contract.

4.8 We shall not be responsible for taking back any non-chargeable packaging/pallets.

4.9 The cost of any testing of the goods that we deem is necessary whether or not in your presence, will be charged to you, unless prior written agreement has been obtained from us. If you (or your representative) delay in attending such tests, after seven days' notice of the place and time of such tests, the tests will proceed in your absence and shall be deemed to have been carried out in your presence.

5. Risk and Ownership of Goods

5.1 The goods are at your risk from the time of delivery or deemed delivery.

5.2 Ownership of the goods shall not pass to you until we have received in full (in cleared funds) all sums due to us in respect of the goods and all other sums which are or become due to us from you on any account or (if later) the time of delivery.

5.3 Until ownership of the goods has passed to you, you shall hold the goods on a fiduciary basis as our bailee and store the goods (at no cost to us) in satisfactory condition and in such a way that they remain readily identifiable as our property and you shall tell us immediately where the goods are situated.

5.4 Subject to 5.5, you may resell the goods before ownership has passed to you provided that any sale shall be effected in the ordinary course of your business at full market value and you shall deal as principal; you shall hold all proceeds of sale on trust for us and assign to us all rights and claims which you may have against your customer arising from such sales until full payment is made.

5.5 Your right to possession of, and authority to sell the goods shall terminate immediately (and you shall immediately deliver the goods to us at your cost and risk) if we notify you to such effect or on the happening of any event set out in 10.3(a)-(i) (whichever is earlier) and you shall immediately notify us in writing upon the happening of any such event.

5.6 You grant to us and our agents an irrevocable licence at any time to enter any premises (with and without vehicles)where the goods are or may be stored in order to inspect them or, where your right to possession has terminated, to recover them.

5.7 Where we are unable to determine whether any goods are the goods in respect of which your right to possession has terminated, you shall be deemed to have sold all goods of the kind sold by us to you in the order in which they were invoiced to you.

6. Provision of Services

6.1 Where the goods supplied include services by us, our agents or subcontractors, you shall (where necessary) allow us safe and reasonable access to the site within our normal working hours to carry out the services.

6.2 The price quoted for such services assumes that:

(a) the site is ready and suitable for the services to commence at the agreed time;

(b) the services are to be carried out within our normal working hours;

(c) suitable site access is available at all times; and

(d) adequate mechanical lifting equipment is provided by you in the event that the services are to be carried out above ground level.

If any of these assumptions proves incorrect, we shall be entitled to vary the price.

6.3 You shall provide a safe environment and all necessary consents, information, and resources for us, our agents and subcontractors to carry out the services.

6.4 In relation to any installation services, you are responsible for insuring the goods (whether before or after installation) and shall notify your insurers that we will be carrying out such services on site. You must protect carpets, furniture and all other items.

6.5 Any dates and times we specify for commencement and completion of the services are an estimate. We shall not be liable if we do not carry out the services on or at any particular date or time. Time for performance shall not be made of the essence by notice.

6.6 If we provide design services, all copyright and other intellectual property rights created, developed or used shall remain the sole property of us or our licensors.

7. Price and Additional Charges

7.1 Unless we otherwise agree in writing, the price payable for the goods and/or services shall be the price applicable on the date of delivery or deemed delivery for goods and the date the services are carried out for services.

7.2 The price for the goods and/or services shall be exclusive of any value added tax, which shall be payable by you at the rate applicable at the tax point

7.3 We may at any time after acceptance of an order, but prior to delivery, revise the price payable for the goods and/or services to take account of increases in costs including, without limitation, costs of any goods or materials, carriage, labour or overheads, the increase or imposition of any tax duty or other levy and variation in exchange rate.

7.4 Unless we otherwise agree in writing, we may charge you the cost of delivering the goods to you.

7.5 We may charge for any special packaging to cover the cost of labour and materials. We will charge for pallets, crates and cases but these charges will be credited in full if such items are returned to us carriage paid and in good condition within seven days of delivery. Where we agree to collect such pallets, crates and cases, you shall make such items available for collection on request.

8. Payment and Interest

8.1 Payment for goods and/or services supplied on a credit account shall be due not later than the last day of the month following the month of delivery or deemed delivery of the goods and/ or services. If you default in making payment, the entire balance of your account shall be payable immediately and we may charge interest, together with costs and expenses, in accordance with 8.4.

8.2 For non credit account purchases, payment shall be with the order or, at our discretion, on delivery or deemed delivery.

8.3 Time for payment shall be of the essence. You shall make all payments in pounds sterling and in full without any deduction.

8.4 If you fail to pay us any sum due (and whether or not any part of your account is subject to query), we may, in addition to our rights under 10.3, appropriate any payment made by you to such of the goods and/or services (or such goods or services supplied under any other contract between you and us) as we may think fit; and you shall be liable to pay us interest on such sum at the annual rate of 4% above the base lending rate from time to time of the Royal Bank of Scotland Plc, accruing on a daily basis, or, at our option, interest in accordance with the Late Payment of Commercial Debts (Interest) Act 1998 (as amended and supplemented by the Late Payment of Commercial Debts Regulations2002) from the due date for payment until payment is made in full, whether before or after any judgment, together with all costs and expenses incurred by us in recovering sums due or exercising our rights under this provision, including our debt recovery fees at a rate of 6% of the total amount outstanding.

8.5 Credit accounts may only be opened at our discretion and are subject to satisfactory references. We may set a maximum amount of credit allowable upon each account and withdraw credit facilities without explanation. You agree that we may obtain, retain, and provide to third parties, references as to your financial standing. Any change in the constitution of your organisation must be notified to our Head Office Credit Services Department in writing prior to it occurring in order that credit facilities to the reconstituted organisation may be put in place, subject always to our discretion and our confirmation in writing. Until new credit facilities are agreed, the existing entity and any new entity shall be jointly and severally liable for any debt due to us.

9. Liability

9.1 If any goods or services are defective due to defective workmanship or material, we shall (at our option) repair or replace such goods (or the defective part) or rectify the defective service or refund the price of such defective goods or services at the pro rata contract rate provided that:

(a) you give us written notice of the defect within seven days of the date of delivery or completion of the services or, in the case of a defect which is not discoverable upon reasonable examination, within seven days of the time when you discover or ought to have discovered the defect (and in any event within twelve months from the date of delivery or completion of the services);

(b) we are given a reasonable opportunity after receiving notice to examine such goods and/or services (in situ) and (if asked to do so by us) you return such goods to our place of business for the examination to take place there;

(c) you do not make any further use of such goods after giving such notice; (d) the defect is not due to wilful damage, negligence (other than ours), fair wear and tear, alteration or repair of such goods without our prior written consent or incorrect storage, application, movement, installation, commissioning, use or maintenance of the goods (other than by us); and

(e) the defect is not due to any act or omission of you, your agents or contractors.

9.2 Our entire liability for defective goods and services is set out in 9.1 and in particular we shall not be responsible for either the cost of removing the goods from any place where they are installed or fixed (or making good the place after removal) or for the cost of installing or fixing any repaired or replacement goods unless due to our defective service.

9.3 On request, we will provide information about any manufacturer's guarantee offered and available to you in respect of the goods but we are not legally responsible for any obligation under manufacturer's guarantees. Where the goods contain a warranty or guarantee offered by us please refer to the special conditions applicable on our website or available upon request.

9.4 Save as expressly set out in these terms, all warranties and other terms implied by statute or common law (save for the term implied as to title) are, to the fullest extent permitted by law, excluded from the contract.

9.5 Our total liability in contract, tort (including negligence or breach of statutory duty), misrepresentation, restitution or otherwise, arising in connection with the performance or contemplated performance of the contract shall be limited to the contract price.

9.6 We shall not be liable to you for any pure economic loss, loss of profit, loss of business, depletion of goodwill or loss of anticipated savings, in each case whether direct, indirect or consequential, or any other indirect losses whatsoever and howsoever caused.

9.7 Nothing in these terms excludes or limits our liability for (a) death or personal injury caused by our negligence, (b) fraud or fraudulent misrepresentation; and (c) any other matter which it would be illegal for us to exclude.

9.8 Where goods are manufactured in compliance with any designs, specifications or drawings supplied by you or your customer, you shall indemnify us against all proceedings, costs, claims, losses or demands in respect of any infringement or alleged infringement of any intellectual property rights whatsoever of third parties in any part of the world.

10. Cancellations and Returns

10.1 We may, at our discretion, accept or reject the cancellation of any contract or the return of any goods not required. Any such cancellation or return shall be on such terms as we specify and in particular we may charge you a handling fee and all costs incurred on cancelled Orders.

10.2 Where you are a "consumer" under a "distance contract" (both as defined in the Consumer Contracts (Information, Cancellation & Additional Charges) Regulations 2013) you may cancel a contract within fourteen (14) working days after the date the goods are delivered. You must return the goods to the branch from which they were delivered or request us to collect the goods, at your cost. This term shall not apply to any goods specially obtained or made for you or which are liable to deteriorate or expire rapidly. Any refund will only include standard delivery charges (where relevant).

10.3 We shall be entitled to cancel or suspend a contract if you fail to pay us any sum due pursuant to the contract (whether or not any part of your account is subject to query) or any of the following events occurs or we believe is likely to occur:

(a) you have a bankruptcy order made against you or make an arrangement or composition with your creditors, or otherwise take a benefit for the relief of insolvent debtors; or

(b) you convene a meeting of creditors or enter into liquidation; or

(c) you have a receiver and/or manager, administrator or administrative receiver appointed over your undertakings or any part; or

(d) a resolution is passed or a petition presented to any court for your winding-up or for the granting of an administration order in your respect, or any proceedings are commenced relating to your insolvency or possible insolvency; or

(e) you suffer or allow any execution, whether legal or equitable, to be levied on your property or obtained against

you; or

(f) you are unable to pay your debts within the meaning of section 123 of the Insolvency Act 1986 or you cease to trade; Or

(g) any event similar to the above occurs; or

(h) you fail to observe or perform any of your obligations under the contract or any other contract between us and you; Or

(i)you encumber or in any way charge any of the goods.

11. Health and Safety

Certain goods supplied by us could, if incorrectly used, give rise to risks to health and safety. Information in respect of such goods is available from us. You undertake that you will ensure compliance by your employees, agents and customers with any instructions given by us or the manufacturer or our supplier and will take any other steps or precautions, having regard to the nature of the goods, as are necessary to preserve the health and safety of any person handling, using or disposing of them.

12. Waste

You will be responsible for the disposal of any waste arising from the goods and will comply with all applicable laws, regulations and waste management licences relating to such waste, including the appropriate disposal by you of any goods marked with a crossed out wheelie bin symbol, save where you are a consumer and it is our responsibility at law. You will indemnify us against all costs, claims, liabilities and expenses arising from any breach by you of this provision

13. Force Majeure

We may defer the date of delivery, cancel the contract or reduce the volume of the goods and/or services ordered by you (without liability to you) if we are unable to deliver or supply due to any cause beyond our reasonable control (including the acts or omissions of our suppliers and subcontractors).

14. Export / Overseas Contracts (if applicable)

In relation to goods sold outside the UK, the Channel Islands and the Isle of Man, risk in the goods shall pass to you when they leave our premises. Shipping and insurance shall be payable by you but will be managed by us unless otherwise agreed. You are responsible at your own expense for obtaining any licence and complying with any export or import regulations in force within the UK and any country for which the goods are destined. Certain goods imported from the United States of America by us are subject to specific restrictions. We reserve the right not to supply certain customers or countries and to require from you full details of the end use and final destination of the goods.

15. Compliance with Bribery Legislation

You agree that you will not, in connection with the goods or services to be supplied under this contract, bribe or attempt to bribe us, or any of our employees, agents or affiliates nor cause us to be in violation of any applicable bribery or anti money laundering laws. We may terminate the contract in the event of your breach of this clause. You shall indemnify us against all liabilities, costs, expenses, damages, claims, demands and losses suffered or incurred by us arising out of or in connection with any breach of this clause, whether or not the contract has been terminated.

16. General

16.1 Any notices given pursuant to or in relation to the contract shall be in writing and addressed to the party concerned at its principal place of business or last known address. Any notice shall be deemed delivered two days after posting or on the next working day after fax transmission.

16.2 Any provision of the contract found to be invalid or unenforceable shall, to such extent, be deemed severable and the remaining provisions of the contract shall continue in full force and effect.

16.3 Failure or delay by us in enforcing any contract term shall not be construed as a waiver of any of our rights under the contract.

16.4 You shall not be entitled to assign or subcontract any of your rights or obligations under the contract.

16.5 Save for any member company of the Travis Perkins plc Group who shall be entitled to enforce any provision of the contract, no person who is not a party to the contract shall have a right to enforce any term of the contract which expressly or by implication confers a benefit on that person.

16.6 Any dispute or claim arising in connection with the contract shall be governed by English law and the parties submit to the exclusive jurisdiction of the English courts, save that if you are domiciled in Scotland (within the meaning of the Civil Jurisdiction and Judgments Act 1982) then the contract shall be construed in accordance with Scottish law and shall be subject to the exclusive jurisdiction of the Scottish courts.
