

# PROFESSIONAL TILING TROWEL

**102906 102909 102957 102970 102971**

The Vitrex Xtreme Professional Trowel range is engineered for precision, comfort, and durability - ideal for demanding professional use. Each trowel features a rust-resistant stainless steel blade, a soft-grip ergonomic handle for all-day comfort, and an extended solid aluminium shank reinforced with nine rivets for superior strength. Available in a variety of square and round notch profiles to suit a wide range of applications.
