

DEXA TRIOTONE

This slim fire rated downlight packs a lot into a compact 52.5mm depth body. A switch on the unit lets you choose between cool, natural and warm white light, and a second switch sets the output to 3W or 5W. It comes with a white trim fitted, plus matt black and polished chrome trims in the box, so you can match it to any room. With an IP65 rating and suitability for bathroom Zone 1 or higher, it is a practical choice for kitchens and bathrooms.

BENEFITS
• Slim, fire rated design
• White, matt black and polished chrome trims included
• IP65 rating for kitchen or bathroom use (Zone 1 or higher)
• Choice of 3W or 5W output to suit the space
• Quick connector for straightforward wiring
• Double insulated (Class II) for additional protection

KEY FEATURES
• TrioTone switch for Cool, Natural and Warm White
• Wattage switch for 3W or 5W
• Easy installation into a 75mm cut-out
• Spring clip fixing for a secure fit
